Model
ProjectName

603256

## FEATURES

- Metal body and base for complete stability.
- Powerful motor drives the tools from 40 to 240 rpm with a wide range of adjustments.
- 18/10 stainless steel bowl, 5 litre capacity.

## DITOMIX 5

Professional planetary mixer with electronic speed variation, DITOMIX5 can handle all time-consuming and laborious whisking and mixing jobs. The DITOMIX5 has a planetary movement like large beaters for whisking egg whites, chantilly cream or even for making mixes for biscuits, choux pastry or genoese sponges. It can also knead shortcrust and pie pastry mixes. The accessory hub increases the applications of the beater.

- Removable safety screen activates the raising and lowering of the bowl.
- One scraper utensil (spatula) and three tools: a hook (for sweet and short-crust pastry), a paddle (for choux pastry) and a whisk (for meringues and mayonnaise).
