
Quick Install

If You Want To Use the IG-4165 with an Ethernet Cable Modem

- 1 Insert the ZoomAir CD into the computer connected to your cable modem. The CD starts automatically and the **Main Menu** opens:

Click the **Installation Wizard** button.

Note: If the CD does not start automatically, from the desktop, go to **Start | Run** and then type **d:\setup.exe**, where **d** is the letter of your CD-ROM drive.

- 2** When the following screen appears, click **Internet Gateway**.

- 3** This selection will launch our Smart Start utility, which will walk you through the installation process.

If you need additional installation help, please refer to the full-length user's manual. You may also want to refer to the Frequently Asked Questions, or FAQs, on the CD, or visit our Web site.
