

## ADESSO WARRANTY

---

ADESSO provides one year limited warranty for the quality of all its products in materials and workmanship.

During this period, ADESSO will repair or replace all merchandise, which proved to be defective. However, ADESSO will not warranty any product which has been subjected to improper freight Handling, shipping abuse, neglect or unauthorized repair or installation. The warranty also will not cover products installed with Non-ADESSO components and product with broken sealed and assembly trace. After replacement of RMA, ADESSO reserves the right to request the total cost of the replacement products with broken seals or assembly trace.

If you discover a defect, Adesso will, at its option, repair or replace the product at no charge to you, provided you return it during the warranty period with transportation charges pre-paid to Adesso. You must contact Adesso at [support@adesso.com](mailto:support@adesso.com) for a Return Merchandise Authorization number (RMA) prior to returning any product. For each product returned for warranty service, please include your name, shipping address (no P.O. Box), telephone number, copy of the bill of sale as proof of purchase and have the package clearly marked with your RMA number.

Congratulations on your purchase of the Adesso Mini Keyboard with embedded keypad. This delivers comfort and convenience with a design that will complement any desktop. The Adesso Mini Keyboard is perfect for limited desk areas.

## FEATURES

- 88 Keys with embedded numeric keypad.
- Small and lightweight, fits anywhere and extremely portable.
- Fully functional as a regular keyboard
- Soft touch, quiet keys with tactile feedback.
- Membrane key switches provide longer life.
- Lighted LEDs for NUM, CAPS and Scroll Lock

## REQUIREMENTS

- Windows Vista/XP/2000/ME/98
- IBM, Pentium II class compatible or higher
- USB or PS/2 Port.

## HARDWARE INSTALLATION

Make sure that your computer is turned OFF before installing this keyboard. Your wired keyboard requires either a PS/2 or USB port.

1. For keyboard with PS/2 connector, connect the Purple PS/2 connector to your keyboard port.

PS/2 Connector

For keyboard with USB connector, simply plug in to a USB port.

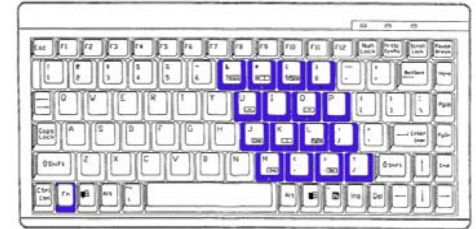

USB Connector

2. Turn On your computer and your operating system will detect the device automatically, this device is plug and play, no driver required.

## USING THE KEYPAD

- To use numeric keypad features, Hold "Fn" key while typing in the keypad. (Make sure the Number lock LED is ON before pressing "Fn" key.)

### Note:

- Please note that Windows NT will only support PS/2 connections
- Long-term repetitive use of any keyboard could cause injury to user. Adesso recommends users avoid excessive use of his or any keyboard
