

A04-M215AB

EClick M215 Notebook Optical Mouse

- 800 dpi Optical Sensor
- Notebook Design
- USB Interface
- Plug'n'Play

Atlantis Land EClick M215 has been designed to guarantee an elegant and compact design while on the move with your laptop.

With its ergonomic design the EClick M215 will adapt to the shape of your hand, guaranteeing the maximum comfort level even when used for extended periods. The integration of the Pixart's PAN3501 high-resolution optical sensor will give you the greatest accuracy and smoothest movement even under difficult situations. There is no need to use any additional drivers; just plug it in your PC and enjoy the mouse.
