1. Welcome

Congratulations on your new IOGEAR purchase!

With the advent of optical technology in computer mice, the days of ball-mice are a thing of the past. Users of ball-mice, or mice that use a rolling ball to navigate, all share the common frustrations of dirty rollers. When the rollers become dirty, the mouse begins to skip and jump from location to location. Since the USB Optical Mini Mouse has no moving parts, dirty rollers are no longer an issue. Great for gamers and graphics artists alike!

This mouse is very small and portable; it is designed for the mobile professionals. It can save you precious space in your mobile work area. The ergonomic contour design offers comfortable use on most surfaces. This unit is USB ready, Plug-n-Play and hot pluggable.

Once again, IOGEAR lays the standard for connectivity!

For general troubleshooting information, FAQ, and other related documents in our T.I.L. (Technical Information Library), we encourage you to check out our web site -- <http://www.iogear.com/support>

Mac OS X or later
Mac 9.x or earlier, it will only be recognized as a one button mouse

Available USB port

4. Other IOGEAR Products

Bluetooth Mini Mouse (GME225B)
Memory Mini Mouse W/128MB (GME224M128)
Dual-Display KVM Switch (GCS1742/1744)
DVI KVMP Switch (GCS1762/1764)

5. Pictorial Introduction

1. Scroll Wheel
2. Left Click Button
3. Right Click Button
4. Optical Sensor

6. Installation Instruction

WINDOWS

1. Turn on your computer, and let it boot all the way into your Operating System.
2. Insert the USB Optical Mini Mouse's USB connector into your computer's USB port. If you are using Windows system, you will see a dialog box, showing the computer has detected a new device.
3. After a few moments, the light in your mouse will begin to flicker. This is completely normal, and should only last a few moments.
4. After a few moments, your mouse will begin to function as a normal mouse. This may take longer, depending on your computer's speed, amount of memory, and operating system.

MAC

This mouse is Plug-n-Play for Macs. Just plug it in, you will be able to use it immediately.

7. Operation

WINDOWS

For any special needs on mouse set up, go to My Computer/Control Panel and select mouse.

Button Configuration

Here you may set the mouse to your hand's preference. If you are left-handed or right-handed, you can set the mouse to accommodate your clicking preference.

Ex. A left-handed mouse commonly has the right-mouse-button as the primary button and the left-mouse-button is commonly the option button.

Pointers Tab

This tab is an extension of your Microsoft Windows Desktop schemes. You may choose different schemes for your mouse icons here.

Pointer Shadow will leave a dark shadow over the desktop, to dramatize the presence of the mouse pointer.

MAC

Mouse system Preferences

In the mouse preferences you can adjust the tracking, scrolling and double click speed.

8. Radio & TV Interference Statement

WARNING!!! This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause interference to radio communications. This equipment has been tested and found to comply within the limits for a class B device, pursuant to Subpart J of Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a commercial environment. Operation of this equipment in a residential area is likely to cause interference, in which case the user at his own expense will be required to take whatever measures may be required to correct the interference. There is no guarantee that radio frequency interference will not be created in particular locations.

IOGEAR® is not responsible for any radio or television interference caused by unauthorized modification of your mechanism or cables.

9. Limited Warranty

IN NO EVENT SHALL THE DIRECT VENDOR'S LIABILITY FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PRODUCT, DISK OR ITS DOCUMENTATION EXCEED THE PRICE PAID FOR THE PRODUCT.

The direct vendor makes no warranty or representation, expressed, implied, or statutory with respect to the contents or use of this documentation, and especially disclaims its quality, performance, merchantability, or fitness for any particular purpose.

The direct vendor also reserves the right to, but not limited to, revise or update the device or documentation without obligation to notify any individual or entity of such revisions, or updates. For further inquires please contact your direct vendor.
