**Product Name**

NavDock™

Home Media Center with on-TV Navigation for iPod

**Category**

iPod Accessory (Made for iPod)

**Manufacturer**

Tekkeon, Inc.

**Mfg Part Number/Model Numbers**

NavDock

ND2000

**MSRP**

\$129.95

**UPC**

1 84661 00021 7

**System Requirements**

NavDock requires connection to a TV or stereo, and iPod using the provided cables. Its 100-240 VAC power adapter must be plugged into an outlet.

## **Description**

NavDock™ Home Media Center with on-TV Navigation for iPod lets you navigate your iPod through an on-TV menu to play videos, photos and music on a connected television. NavDock browses directly through your iPod menus, so finding and playing music and videos is easy. And you can use the 16-button remote to adjust or mute volume, shuffle, repeat or skip songs, and fast forward or rewind through music or videos. The remote offers a five-way navigation pad and quick keys that jump directly to the videos, photos, music or settings menus.

With NavDock, you have complete control. You can change the language, the menu color scheme to fit your mood, or the navigation speed to fit your taste. You can even access the equalizer or display the lyrics or album art that appears next to your songs in the Now Playing screen in motion as your personalized screensaver.

## **Features**
