NEW

ICD-B16

Digital Voice Recorder

features

- ▶ **Up to 495 minutes of Recording Time** is available on the integrated circuit chip which may be recorded over and used again
- ▶ **2 Recording Modes: 300 Minutes/495 Minutes** Two recording modes for normal or extended recording time
- **Professional Style Design** only one-half inch thick, with Record and Pause controls located on the side of the unit for easy operation; fits neatly into a shirt pocket
- **2 Message Folders** provide separate message areas for different applications, such as business memos, correspondence, personal reminders, and more
- **Hi/Lo Mic Sensitivity** enables the unit to record different situations, from group meeting to individuals, more effectively
- ▶ **350mW Speaker Power Output** provides increased speaker output
- **Full Function LCD Display** shows number of messages recorded, recording length, date, time, and battery power remaining
- **One Button Play from Record** lets you easily switch from Recording mode to Play mode
- **Incremental Rewind** is the equivalent of tape Fast Rewind but without returning all the way to the beginning of each recording, to help locate specific passages
- **16MB Built-In Flash Memory** uses high capacity IC chip, which may be recorded over itself and used again and again, with distortion-free clarity
- **Built-In Microphone** for extra convenience, eliminates the need for an external microphone
- **Built-In Playback Speaker** for monitoring playback of recordings
- **Record-Plus Function** allows you to add (at the end) additional information to any message without affecting the original
- **LED Operation Indicators (Record/Play)** indicates Red when unit is recording, Green when in playback mode
- **Battery Strength LCD** provides a visible signal when battery strength is low
- **Hold Switch** prevents accidental operation or changes to settings while carrying the unit in pocket or briefcase
- **Earphone Jack** lets you connect an earphone for privacy or transcription
- **Includes 2 "AAA" Batteries**

specifications

Recording Media: Flash Memory

Speaker: 1 1/4" (32mm) dia.
