SONY

LIMITED WARRANTY (U.S. Only)

Sony Electronics Inc. ("Sony") warrants this product against defects in material or workmanship for the time periods and as set forth below when purchased directly from Sony or a Sony Retailer. Pursuant to this Limited Warranty, Sony will, at its option, (i) repair the product using new or refurbished parts or (ii) replace the product with a new or refurbished product. For purposes of this Limited Warranty, "refurbished" means a product or part that has been returned to its original specifications. In the event of a defect, these are your exclusive rem-

Labor: For a period of one (1) year from the original date of purchase of the product ("Labor Warranty"), Sony will, at its option, repair or replace with new or refurbished product, product determined to be defective. If Sony elects to replace the product after this Labor Warranty has expired but while the Parts Warranty below is still in effect, it will do so for the applicable labor charge.

Parts: For a period of one (1) year from the original date of purchase of product ("Parts Warranty"), Sony will supply new or refurbished replacement parts in exchange for parts determined to be defective.

This Limited Warranty covers only the hardware components packaged with the Product. It does not cove technical assistance for hardware or software usage and it does not cover any software products whether or no contained assistance for included or software usage and it does not cover any software products whether or no contained in the Product; any such software is provided "AS IS" unless expressly provided for in any enclosed software Limited Warranty. Please refer to the End User License Agreements included with the Product for you rights and obligations with respect to the software.

Instructions: To obtain warranty service, you must deliver the product, freight prepaid, in either its original packaging or packaging affording an equal degree of protection to the Sony authorized service facility specified. It is your responsibility to backup any data, software or other materials you may have stored or preserved on your unit. It is likely that such data, software, or other materials will be lost or reformatted during service and Sony will not be responsible for any such damage or loss. A dated purchase receipt from Sony or a Sony Retailer is required. For specific instructions on how to obtain warranty service for your

1-800-488-SONY (7669)

Repair / Replacement Warranty: This Limited Warranty shall apply to any repair, replacement part or replacement product for the remainder of the original Limited Warranty period or for ninety (90) days, whichever is longer. Any parts or product replaced under this Limited Warranty will become the property of Sony.

This Limited Warranty only covers product issues caused by defects in material or workmanship during ordinary consumer use; it does not cover product issues caused by any other reason, including but not limited to product issues due to commercial use, acts of God, misuse, limitations of technology, or anofification of or to any part of the Sony product or product purchased from other than Sony or a Sony Retailer. To determine if a retailer is part of the Sony Retailer Network, please contact Sony's Customer Service Call Center or go to www.sony.com/support. This Limited Warranty does not cover Sony products sold AS IS or WITH ALL FAULTS or consumables (such as fuses or batteries). This Limited Warranty is invalid if the factory-applied serial number has been altered or removed from the product. This Limited Warranty is valid only in the United States.

LIMITATION ON DAMAGES: SONY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT.

DURATION OF IMPLIED WARRANTIES: EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This Limited Warranty gives you specific legal rights and you may have other rights which vary from state to state.

This unit includes a preinstalled Sony Lithium battery (CR2032) as back-up power source for the clock, which is preset to EST/EDT (Eastern Standard Time/Daylight Time) at the factory. And this battery is considered part of the product.

Owner's Record

INFORMATION

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the

- interference by one or more of the following measures

 Reorient or relocate the receiving antenna.
- Increase the separation between the equipment
- Connect the equipment into an outlet on a circuit different from that to which the receiver is
- Consult the dealer or an experienced radio/TV technician for help.

WARNING

- Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent
- Replace the battery for the clock backup with a Sony CR2032 lithium battery, and the battery for the remote commander with a Sony CR2025 lithium battery. Use of another battery may present a risk of
- Battery may explode if mistreated. Do not recharge, disassemble or dispose of in fire.
- Do not expose the battery to excessive heat such as direct sunlight, fire or the like.
- Dispose of used battery promptly. Keep away from

Important Safety Instructions

- 2) Keep these instructions.
- Heed all warnings.
- Follow all instructions

- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings Install in accordance with the manufacturer's
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the
- 11) Only use attachments/accessories specified by the
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combavoid injury from tip-over.

- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel.
 Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects ve fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate ally, or has been dropped.

Features

- Dual alarm FM/AM Clock radio with iPod dock.
- Various type of alarms- iPod, radio and buzzer. • Automatic time set — When you plug the clock in for the first time, the current time will be shown in
- the display Automatic Daylight Saving Time/Summer time
- CLOCK button to display month, day and year.
- Brightness control (High/Middle/Low).
- No Power No ProblemTM alarm system to keep the clock and the alarm operating during a power interruption with a CR2032 battery installed.

Troubleshooting

Should any problem occur with the unit, make the following simple checks to determine whether or not If the problem persists, consult your nearest Sony

The clock displays "AM 12:00" due to a power

The battery is low. Replace the battery. Remove the

When daylight saying time begins, the clock does not employ the daylight saving time automatically.

- · Make sure the clock is set correctly
- Press and hold CLOCK and TIME ZONE/ALARM employ the DST function.

The alarm does not sound at the preset alarm

 Has the desired alarm been activated? (i.e., Does the ALARM A (or B) indicator light up?) The radio or iPod alarm is activated but no sound comes on at the preset alarm time
• Has VOLUME been adjusted?

There is no sound from the iPod.

Adjust the VOLUME

The iPod cannot be operated with this unit. · Make sure the iPod is securely connected

The iPod cannot be charged.

Precautions

- Operate the unit on the power sources specified in
- "Specifications".
- To disconnect the power cord (mains lead), pull it
- out by the plug, not the cord.
- The unit is not disconnected from the AC power source (mains) as long as it is connected to the wall outlet, even if the unit itself has been turned off.
- Do not leave the unit in a location near a heat source, such as a radiator or airduct, or in a place subject to direct sunlight, excessive dust, mechanical vibration, or shock
- Allow adequate air circulation to prevent internal heat build-up. Do not place the unit on a surface (a rug, blanket, etc.) or near materials (a curtain) that might block the ventilation holes. Should any solid object or liquid fall into the unit,
- unplug the unit and have it checked by qualified nnel before operating it any further.
- To clean the casing, use a soft cloth dampened with a mild detergent solution.

NOTES ON LITHIUM BATTERY · Wipe the battery with a dry cloth to assure a good

- Be sure to observe the correct polarity when
- Do not hold the battery with metallic tweezers.

If you have any questions or problems concerning your unit, please consult your nearest Sony dealer.

About the backup battery

To keep good time, as a backup power source, this unit has one CR2032 battery inside of the unit in addition to the house current.

The battery keeps the clock and the alarm operating in the event of a power interruption. Note that the backlight will not light up during a

Knowing when to replace the battery

If a power interruption occurs when the battery is weak, the brightness of characters in the display darkens. If the battery runs out during the interruption, the current time and alarm functions will

Replace the battery with a Sony CR2032 lithium battery. Use of another battery may present a risk of

Replacing the backup battery

- 1 Keep the AC plug connected to the AC outlet, remove the screw that secures the battery compartment at the bottom of the unit using a screwdriver, and remove the battery compartment. (See Fig. A -1)
- **2** Insert a new battery in the battery compartment with the • side facing up. To remove the battery from the battery compartment, push it out from the side marked PUSH. (See Fig. A-2)
- **3** Insert the battery compartment back into the unit and secure it with the screw. (See Fig. A-3)

When you replace the battery, keep the AC plug connected to a wall outlet. Otherwise, current time and alarms will be initialized if the replacement is not completed within around one minute.

If the time in the display is incorrect after the battery is changed (RESET)

Push the Reset switch with the pointed device. The Reset switch is in the small hole located in the battery

- You cannot reset unless the lithium battery is
- Set the clock again after the unit is reset

Battery WarningWhen the unit will be left unplugged for a long time, remove the battery to avoid undue battery discharge and damage to the unit from battery leakage.

Preparing the remote commander

Before using the card remote commander for the first ove the insulation film. (See Fig. **B**-①)

When to replace the battery

With normal use, the battery (CR2025) should last for about six months. When the remote commander no longer operates the unit, replace the battery with new ones. (See Fig. \blacksquare -②)

• Do not charge the battery.

 When you are not going to use the remote commander for a long time, remove the battery to avoid any damage caused by leakage and corrosion

Setting the clock for the first time

This unit is preset to the current date and time at the factory, and is powered by the back up battery. All you need to do the first time is just plug it in and select your time zone.

- **1** Plug in the unit.
- **2** Press **TIME ZONE** for more then two seconds.

Area number "2" appears in the display. If you live in the Eastern Time zone, you do not need to adjust the area setting.

	_
rea number	Time zone
1	Atlantic Standard/Daylight Time
2	Eastern Standard/Daylight Time
(default)	
3	Central Standard/Daylight Time
4	Mountain Standard/Daylight Time
5	Pacific Standard/Daylight Time
6	Yukon Standard/Daylight Time
7	Hawaiian Standard/Daylight Time

- **3** Press **TIME SET** + or repeatedly until the desired number appears.
- **4** Press **TIME ZONE** to complete the setting.

During the shipment and your first use, a clock error occur. In this case, refer to "Setting the clock and

When daylight saving time (summer time) begins

This model employs the Automatic Daylight Saving Time/Summer Time adjustment. The DST indicator in the display appears in the display at the beginning of the daylight saving time (so disappears at the end of it.

- Daylight saving time begins at: 2:00 AM on the second Sunday of March.
- Standard time begins at: 2:00 AM on the first Sunday of Nover

To deactivate the Automatic DST/ Summer Time adjustment during the daylight saving time (summer time) period.

The Automatic DST/Summer Time adjustment can be

Press CLOCK and TIME ZONE/ALARM DISPLAY for more than two seconds. The Automatic DST/Su Time adjustment will be cancelled. To active the Automatic DST/Summer Time adjustment again.

Setting the clock and

To change the setting manually, follow the procedure

- 1 Press **CLOCK** for more than 2 seconds. The year will start to flash in the display
- **2** Press **TIME SET** + or until the correct year appears in the display.
- **3** Press CLOCK.
- 4 Repeat steps 2 and 3 to set the month, day and time. After setting the minute the clock starts from 0 seconds. But if you do not set "Minute", the clock
- does not start from 0 second flat.

 Pressing and holding + or changes the year, month, day or time rapidly.
- While setting the clock, you must perform each step within about 65 seconds, or the clock setting mode

To display the year and date

Press **CLOCK** once for the date, and within about 5 seconds press it again for the year. The display shows the date or year for about 5 seconds and then changes back to the current time.

Setting the brightness of the display

Three levels of brightness are available by $pressing \ \textbf{SNOOZE/BRIGHTNESS}.$

 $High (default) \longrightarrow Middle \longrightarrow Low -$
