

Music Maker™ USB Multimedia Player

Model 2396

1. 6 Watts RMS powerful enough for up to 75 people
 2. CD player with CD/CD-R/CD-RW, MP3 capability
 3. Red & green stop/start buttons for student operation
 4. 512MB internal memory with 18-hour recording capacity
 5. Recessed speakers with protective steel grilles
 6. Digital AM/FM tuner w/ 6 presets
 7. Mini-USB port for quick downloading
 8. Records & plays to/from SD card slot (card not included)
 9. Record from any source to any digital audio storage device (USB, SD, Internal flash)
- Records from the CD player, radio and mic inputs
 - Variable speed playback
 - 4 Equalizer Presets & Bass Boost
 - Includes full-function remote control (not shown)
 - One year warranty for school use - unlike players purchased from consumer electronics stores whose warranties would be voided if used in schools

The Music Maker™ USB is the first digital audio center to support key areas of language acquisition: phonics, comprehension, phonemic awareness, and vocabulary as well as for ELL, ELD and other language learning applications. Its internal flash memory and variable speed playback are ideal to record student progress. Transfers content easily to computers or hand held devices with SD card and USB file capabilities.
