COBY®

# Thank you for choosing a COBY MP3 player!

~This guide will cover how to transfer your music CD's into your COBY MP3 player using Windows Media Player 11.

~This guide will also provide common troubleshooting solutions for your COBY MP3 player.

Requirements

Windows Media Player 11 (WMP11)

The directions in this guide are given for Windows Media Player 11 (WMP11)

If your computer does not have Windows Media Player installed, please download the latest version of Windows Media Player (WMP) from Microsoft's website
www.microsoft.com/windows/windowsmedia/player/download/download.aspx

Getting Started

Transfer your Music CD's into your COBY MP3 player

1) Launch the WMP11 program.

Windows Movie Maker

Windows Media Player

Adobe

Adobe Brid

1c. Click on "Windows Media Player"

Adobe Help Center

1b. Click "All Programs"

Adobe Illustrator CS2

Adobe ImageReady CS2

rams

Adobe InDesign CS2

1a. Click "Start Menu" button

Adobe Photoshop CS2

start

AppRocket

2) Put an audio CD into the CD-ROM drive of your computer.

✦ If your computer has an internet connection,
WMP will automatically retrieve and display
the album information.

Click the "**Rip**" tab and select which "Title" to rip.

☑ To rip the entire album, check the top check box.

3) Set the Rip Options (optional).

Click the "**Rip**" button to set the Rip options. The recommended Rip settings are:

✧ Select "Format > mp3"

✧ Select "Bit Rate > 128 Kbps"

✧ Select "More Options" to change the directory to which WMP saves your ripped music files ✦ WMP will save your music to your "My Documents > My Music" default folder.

4) Start ripping the CD.

Click the " **Rip** " button and select "Rip" to start converting the audio CD to MP3/WMA

✦ The ripping process will take a few minutes to complete. WMP will save the converted music files in your "My Documents > My Music" default folder.
Transfer MP3/WMA Files to Your COBY Player

Once you have MP3 or WMA digital music files on your computer, transfer them to your COBY player in order to listen to music anywhere.

Use WMP11 to transfer (sync) music from your computer to your COBY MP3 player.

1) Launch the WMP11 program.

2) Connect your COBY player to a USB port on the computer.

✦   WMP11 will detect your COBY player automatically.

3) Browse your music library to choose songs to sync.

Sync List ▾

Drag items here
to create a list to
sync to 'MP-C951'

or

Shuffle music
to 'MP-C951'.

⟳ Start Sync

4) Select songs to sync to your COBY player.

4a. Type in the Search bar to quickly find a song.
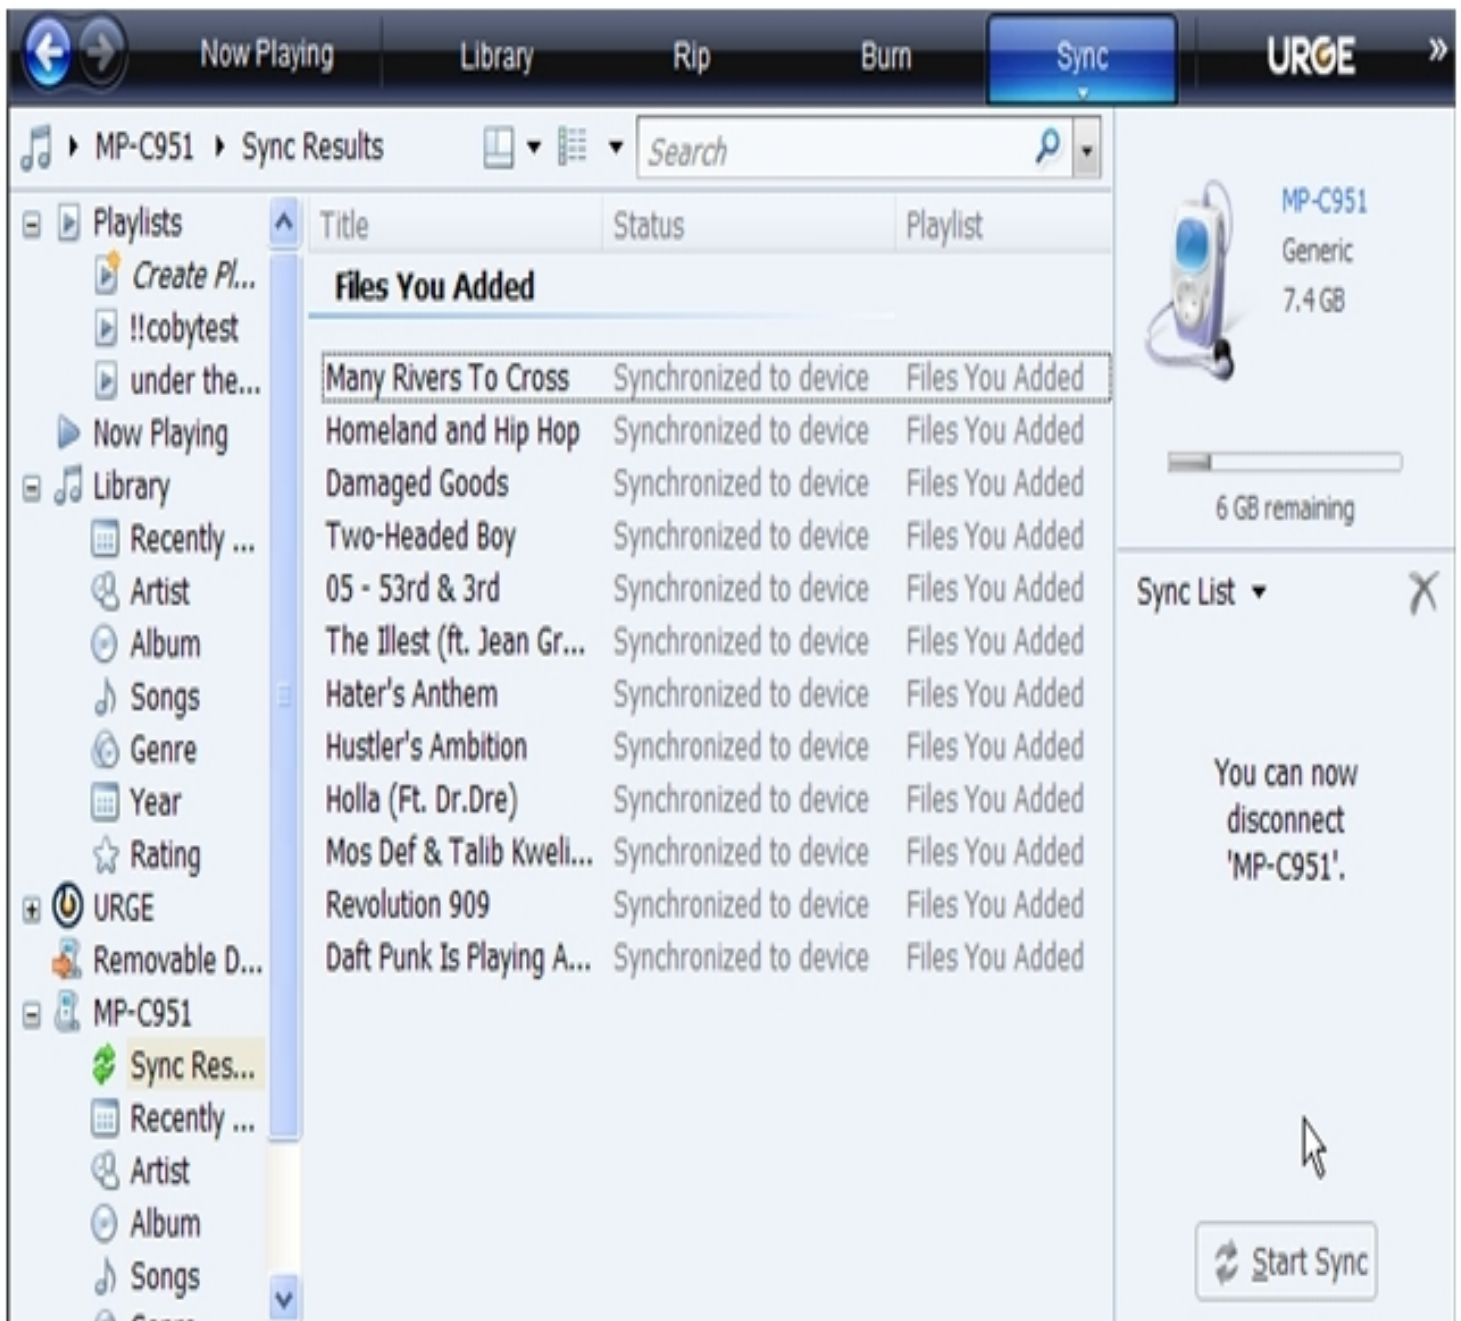

4b. Click on a track to select it for synchronization. To select multiple tracks, hold the CTRL or SHIFT and click on the tracks.

4c. Drag the selected tracks here to add them to the Sync List.

4d. Click "Start Sync" to transfer the Sync List to your COBY player.

5) Disconnect your COBY player from the computer.

Once the sync process is complete, unplug your player from the USB port of the computer. Now you're ready to listen to music on your COBY player.
