## IMPORTANT SAFE GUARDS (Continued)

---

- Blades are sharp. Handle carefully.
- Install the blender pitcher onto blender base (do not reach hands inside of blender as the blades are sharp).
- To reduce the risk of injury, never place blending blades on base without pitcher properly attached.
- Clean all parts of the Margarita Mania™ prior to use.
- Always operate Margarita Mania™ with ice compartment lid in place.
- Check the ice shaving chamber for presence of foreign objects before using.
- The appliance manufacturer does not recommend the use of accessory attachments. This will risk injuries.
- Never place fingers or other utensils into feed or discharge areas.
- The cord should be arranged so that it will not drape over the table or counter top in such a way where it can be pulled on by children. This should also reduce the risk resulting from becoming entangled or tripping.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Before plugging your unit into the main electrical supply, make sure the voltage corresponds to that indicated on the maker's nameplate.
- DO NOT attempt to move the MARGARITA MANIA™ while the unit is in operation.
- Do not use this appliance for other than intended use.
- A unit that is plugged into an outlet should not be left unattended.
- Check the Ice shaving chamber for presence of foreign objects prior to use.
- This is not a commercial unit. Do not leave unit running for more than 3 minutes at a time.
- Make sure the glass pitcher with blender base is properly attached before inserting into MARGARITA MANIA™ base unit.

## PRE-USE PREPARATION AND ASSEMBLY

---

Prepare for first use by thoroughly washing the clear glass pitcher and lid, blending blade, and base, ice tray, clear ice cover and water reservoir in warm sudsy water and thoroughly dry.

DO NOT put the motor base in water. To clean motor base when needed, using a damp cloth to wipe exterior should be sufficient, followed by drying with a clean dry towel. (See Parts Breakdown on page 3).

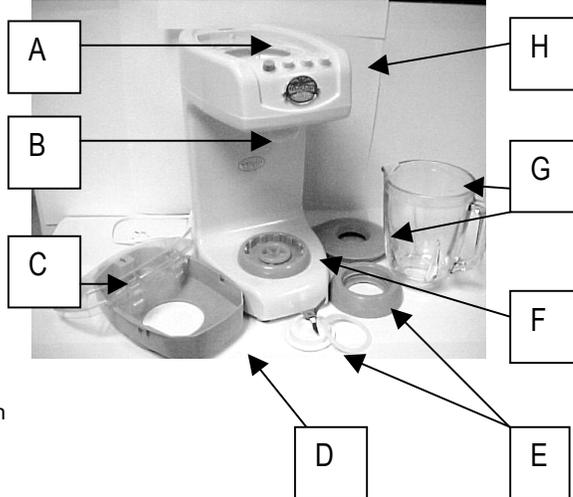

1. Check the blending base of the glass pitcher to confirm the mixing blade and rubber washer are in place and the base has been properly attached.
2. Set the pitcher lid on the mouth of the pitcher. NOTE: The ice shaving chute goes up and down to allow for the insertion of the pitcher. Tip the pitcher slightly as you insert the mouth of the pitcher under the ice shaving chute, pushing upward and simultaneously set the pitcher base onto the blending gear. (See Breakdown illustration on page 3)
3. To remove the clear ice cover, push in the two large tabs located on one side of the clear lid while you lift the cover out. This allows the two extruding tabs to back out of their receptor holes in the ice tray. (See photo illustration C, on page 4)

**PRE-USE PREPARATION AND ASSEMBLY (Continued)**

4. To remove the ice tray located on top of the motor base, push in the tab located at the top rear of the MARGARITA MANIA™ motor base while lifting up. (See photo illustration C, on page 4)
5. The water reservoir is located at the rear side of the motor base. It is removable and snaps in and out for easy cleaning. (See illustration A, below)
