- **Built-in speakers:** 2
- **Finishing:** Metal
- **Loudspeaker types:** Loudspeakers

Convenience

- **Display Type:** LCD

Accessories

- **Included Accessories:** AC Power Cord, User Manual, Warranty certificate

Dimensions

- **Packaging dimensions (W x H x D):** 416 x 200 x 287 mm
- **Product dimensions (W x H x D):** 360 x 152 x 225 mm
- **Weight:** 2.2 kg
- **Weight incl. Packaging:** 2.8 kg

Power

- **Battery type:** LR14
- **Battery voltage:** 1.5 V
- **Mains power**
- **Number of batteries:** 6

Product highlights

MP3-CD playback

MP3 stands for "MPEG 1 Audio layer-3". MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

CD-R/RW Compatible

CD-Rewritable Compatible means that your audio set can play both CD-Recordable (CD-R) and CD-Rewritable (CD-RW) discs. CD-R discs are recordable once and can be played on any audio CD player while CD-RW discs can be recorded and rewritten multiple times and can only be played back on compatible audio CD players. The laser pick-up and CD decoder circuitry of CD-RW compatible players are specially designed to read the special audio CD-RW phase-change recording layer, ensuring you can always play your home-recorded discs on your audio CD system.
