More than 10 hours of music on one MP3 CD
One MP3-CD can contain over 10 hours of music or more than 150 tracks.

100 sec Magic electronic skip protection
Automatically stores up to 100 seconds of music at 128 Kbps (MP3 format) to prevent music interruptions caused by shocks.

20-hour playback with 2 x AA Alkaline batteries (MP3-CD)
Powersaving technology extends battery playing time to 20 hours with 2 regular LR6-size (AA) alkaline batteries.

Large and easy to read display
Display that shows album and track number.

CD, CD-Recordable and CD-Rewritable compatible
Ensures that all CD's including CD-Recordable and CD-Rewritable discs, made by any CD-Recorder, can be played.

Playback of MP3 (32-320 Kbps) and variable bitrate
Supports 32 upto 320 Kbps per MP3 track and variable bitrate per MP3 track.

Digital dynamic bass boost
Enhances bass at low, mid and high volume, to give deep, rich sounds.

Compact disc audio player
Compact disc technology that provides uncompressed superb digital sound quality.

Heat resistant body
Unique composite material enables the CD player to withstand very high temperature.

1-Bit D/A converter
Advanced digital conversion technology ensures crystal-clear sound.

Hold
Locks all buttons to prevent interruption of play or change of program settings.

Resume
Bookmark function that ensures the CD starts precisely from the point it was stopped.

Automatic power off
Automatically switches off the CD player at the end of a compact disc.

Album/ track - Plus/ minus
Scrolls through albums and very fast through all songs.

CD next/ previous
Plays the next or previous track at the touch of a button.

Repeat one/ album/ all
Repeat the current track, the current album or the total CD.

Shuffle album/ all
Plays album or disc randomly, giving you each time a new sequence of tracks.

50-track programmable
Stores up to 50 of your favorite tracks for playing back in your order of preference.

Audible feedback
Confirms any key-push with friendly beep to acknowledge that a command has been given.
