Is there a manual?

You have a detailed user manual and FAQ on the CD by-packed with your player. You can also download the same file from this website: www.philips.com/support

Register your product

Since it is possible for you to upgrade your product, we recommend that you register your product on www.philips.com/welcome so we can inform you as soon as new free upgrades become available.

Don't forget about upgrades

We know you will enjoy your product for a long time. For best performance, we recommend that you regularly check in to www.philips.com/support for free updates of the latest software and Firmware Manager for your product. These downloads will help you to optimize your product's performance and to take advantage of our future support of new audio formats.

Enjoy your new music experience.

What's in the box

Headphones

USB cable

AAA battery
CD-ROM

Quick start guide

What else you'll need.

Computer

A computer with:
Windows 2000, XP or Vista
Pentium III 800MHz processor or higher
CD-ROM drive
128 MB RAM
500MB Hard Disk space
USB Port
Internet connection (preferable)
Microsoft Internet Explorer 6.0 or later

Overview of controls and connections

|		
A	🎧	Headphone jack
B	MIC	Microphone
C	- VOLUME +	Increases/decreases volume (hold to increase/decrease fast)
D	⏻ / ▶❚❚	On / Off Play/Record / Pause Confirm selection
E	↩	Back one level (hold to return to root menu)
F	⛛	USB connector
G	▲/▼	Scrolls up/down (hold to quick scroll)
H	🔒 slider	Hold slider to lock/unlock all keys (except -VOLUME+)

1 Install

1 Insert the CD supplied with your product into the CD ROM drive of your PC.
2 Follow the on-screen instructions to complete the installation of **Philips Device Manager**.

2 Connect

A **Insert the battery**

1 Remove the USB cap.

2 Remove the battery door by sliding it in the direction of the arrow.

3 Inser the supplied AAA battery into the battery compartment.

B **Read the battery level indication of your player**

The approximate power levels of your battery are indicated as follows:

Full   Two-thirds full   Half full   Low   Empty

Note When the batteries are almost empty, the low battery screen blinks. The player saves all settings and unfinished recordings and switches off in less than 60 seconds.

C **Connect to PC**
Use the supplied USB cable to connect the player to the PC.

1 Pull off the USB cap.
2 Connect the supplied USB cable to the USB port at the bottom of the player, the other end to your PC.

3 Transfer

The player appears as a USB mass storage device in **Windows Explorer**. You can organize files, and transfer music to your player during USB connection.

A **Transfer music**
1 Click and highlight one or more songs to transfer between your player and your computer.
2 Use drag and drop actions to complete your transfer.

Tip To transfer music CDs to the player use software such as Musicmatch Jukebox or Windows Media Player, rip (convert) the songs on your music CD into MP3/WMA files. Copy the files into the digital audio player via Windows Explorer. Free versions of these programs can be downloaded from the internet.

4 Enjoy

EN

A Turn on and play

To turn on, press ▶II until the display shows the **Philips** logo.
To turn off, press and hold ▶II until the display shows 'Bye'.

> **Tip** If the player is idle and no button is pressed for 10 minutes, it switches off automatically.

B Main menu

♫ Music	Play your digital music tracks
📻 Radio*	Listen to FM radio
🎤 Recording	Create or listen to recordings
📁 Folder view	View files in folders

* *This feature is only available for some regional versions.*

Recordings

You can record audio with the player. The section **Overview of controls and connections** shows you the location of the microphone.

Make recordings

1 From the main menu, select 🎤 > **Start voice recording**

```
VOICE001                    🎤
● 00:00:00    5:00:00       📄
Press ⤺ to stop
```

> *The player records and shows the recording display.*

2 Press ▶II to pause.

3 Press ⤺ to stop.

4 Press ▶II to save the recording or press ⤺ to cancel.

> *Recordings will be saved on the player. (Filename format: VOICEXXX.WAV where XXX is the recording number which will be automatically generated.)*

5 You can find this file under 🎤 > **Recordings library** > **Voice**.

Play back recordings

From the main menu, select 🎤 > **Recordings library** > **Voice**.

1 Select the recording you want to hear.

2 Press ▶II to confirm.

Troubleshooting

How do I reset my player?

To do a reset, extract and reinsert the battery.

If none of the above works, then you may have to use the Device Manager to recover your player:

1 Launch the **Philips Device Manager** at **Start** > **Programs** > **Philips Digital Audio Player** > **SA26XX** > **Philips SA26XX Device Manager** on your PC.
2 Press and hold the ⬅ button while your player is connecting to the PC.
3 Keep holding the key until the **Philips Device Manager** acknowledges your player and goes into recovery mode.
4 Click the **Repair** button and follow the instructions given by the **Device Manager**.
5 After the player has been repaired, disconnect it from your PC and re-start.

Disposal of your old product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

When this crossed-out wheeled bin symbol is attached to a product it means the product is covered by the European Directive 2002/96/EC

Please inform yourself about the local separate collection system for electrical and electronic products.

Please act according to your local rules and do not dispose of your old products with your normal household waste.

The correct disposal of your old product will help prevent potential negative consequences for the environment and human health. Batteries (including built-in rechargeable batteries) contain substances that may pollute the environment. Always hand the appliance in at an official collection point to remove any built-in batteries before discarding the appliance. All batteries should be disposed of at an official collection point.
