## Hydra MP3 Players

### Sporty Hydra MP3 Player

This ultra sporty "Hydra" MP3 player looks great and is splash resistant. Play MP3 and WMA audio files, listen to FM radio or record with the voice recorder while at work or working out! The digital EQ features five preprogrammed settings. The USB 2.0 interface allows the Hydra to plug and play as a flash drive so files can easily be dragged and dropped to and from the player. Sporty and durable, the Ultra Hydra is your next portable music device.

#### USB 2.0

Use your computer's USB 2.0 port to transfer data faster than ever. Transfer data at speeds up to 480Mbits/second.

#### MP3 Player

This device can capture hours upon hours of your favorite music. Everywhere you go, you'll have your customized music collection at your fingertips.

#### ID3 Tags Support

ID3 tags are additional information that is stored within the audio files. Such as Song title, Artist name, Album name, Year and Genre.

#### Supports for WMA

WMA (Windows Media Audio) File Format. Listen to all your WMA files direct from Windows Media Player. No need to convert your existing WMA files to MP3.

#### FM Radio

Listen to FM radio on the go. This device has a built in FM tuner with great reception, perfect for an evening jog or the walk to work. In addition, save up to 25 pre-set stations, to easily access your favorite radio stations.
