

Infrared Music Maker Plus Multimedia Player

Model 2395IR

1. 6 Watts RMS powerful enough for up to 75 people
2. Built-in electret microphone records student progress, class projects and won't get lost
3. Full digital controls with separate bass/treble controls
4. CD player with CD, CD-R, and CD-RW compatibility
5. Headphone/ microphone and external speaker jacks on rear for individual learning or to connect a jackbox for use as a group listening center
6. CD digital counter, 2X cassette counter to quickly locate lesson material
7. Dual infrared transmitters for wireless listening
8. Phase Lock Loop (PLL) digital AM/FM stereo
9. Recessed speakers with protective steel grilles prevents accidental damage
10. External casing made with rugged ABS plastic for safety and durability in high-use situations
11. Dual cassette recorder/players also records from the CD player, radio and microphone inputs
12. Full-function remote (RC-2300) for classroom flexibility
 - AC and battery operation for indoor / outdoor flexibility
 - One year warranty for school use - unlike media players purchased from consumer electronics stores whose warranties would be voided if used in schools

The Wireless Music Maker Plus supports phonemic awareness, phonics, vocabulary, ELL, ELD and other language learning programs. Built for reliability in schools, it delivers classroom flexibility with dual cassette recorder / players, 20 track programmable CD player and AM-FM stereo.
