IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed, including the following:

1. Read all instructions.
2. To protect against risk of electrical shock, do not immerse motor housing, cord, or plug in water or other liquid.
3. Close supervision is necessary when any appliance used by or near children.
4. Unplug cord from outlet when not in use, before putting on or taking off parts, and before cleaning.
5. Avoid contacting moving parts. Keep fingers out of discharge opening.
6. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or is dropped or damaged in any manner. Call our toll-free customer service number for information on examination, repair or electrical or mechanical adjustment.
7. The use of attachments not recommended or sold by Hamilton Beach/ Proctor-Silex, Inc. may cause fire, electric shock, or injury.
8. Do not use outdoors.
9. Do not let cord hang over edge of table or counter, or touch hot surfaces.
10. The blade is sharp. Handle carefully. Store out of reach of children.
11. Do not attempt to defeat the interlock mechanism.
12. Never place fingers or other utensils into discharge areas.
13. Check ice chamber for presence of foreign objects before using.

SAVE THESE INSTRUCTIONS!

CONSUMER SAFETY INFORMATION

This appliance is intended for household use only.

This appliance is equipped with a polarized plug. This type of plug has one blade wider than the other. The plug will fit into an electrical outlet only one way. This is a safety feature intended to help reduce the risk of electrical shock. If you are unable to insert the plug into the outlet, try reversing the plug. If the plug should still fail to fit, contact a qualified electrician to replace the obsolete outlet.

Do not attempt to defeat the safety purpose of the polarized plug by modifying the plug in any way.

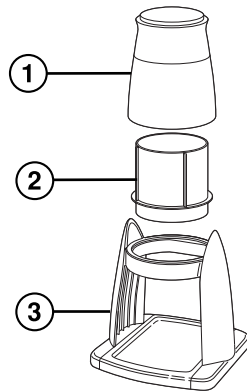

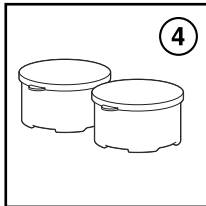

The length of the cord used on this appliance was selected to reduce the hazards of becoming tangled in, or tripping over a longer cord. If a longer cord is necessary an approved extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the rating of the ice shaver. Care must be taken to arrange the extension cord so that it will not drape over the counter-top or tabletop where it can be pulled on by children or accidentally tripped over.

Ice Choices

- Fill Freezer Containers with desired liquid 24 hours before use. Let freeze before using.
- Empty Freezer Containers and place ice rounds in plastic storage bags to build up a selection of flavored ice.
- Ice can also be made in ice cube trays with water or other beverage.
- Any form of ice can be used for plain shaved ice: automatic ice maker, ice from trays, bagged ice, or the Freezer Container rounds; however, the Freezer Container rounds will work best.

Parts and Features

1. Motor Housing
2. Ice Chamber with Shaving Blade
3. Base
4. 2 Freezer Containers

Before First Use: Wash Ice Chamber and Freezer Containers in hot, soapy water. Rinse and dry.

How to Use Your Ice Shaver

1. Have your preferred ice rounds or ice cubes available.
2. Place Base on countertop. Place bowl, cup, or other container onto Base platform to hold shaved ice.
3. Fit Ice Chamber into Base by lining up flat sides.
4. Place ice into Ice Chamber. Do not overfill.
5. Place Motor Housing on top of Ice Chamber. Plug into outlet.
6. Push top of Motor Housing to start shaving. Release to stop shaving. Some ice pieces will remain in Ice Chamber.
7. When finished, unplug ice shaver and clean according to directions in "Cleaning Your Ice Shaver."

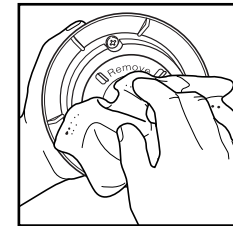

Cleaning Your Ice Shaver

⚠ WARNING

To reduce risk of personal injury and/or damage to your ice shaver:

- Never wash ice chamber with shaving blade, or any part of this appliance, or other removable parts in a dishwasher.
- Always inspect ice chamber with shaving blade before each use.
- Do not use a cracked, bent or damaged ice chamber.

1. Unplug Motor Housing from outlet.
2. To remove the Motor Housing for cleaning, turn upside down. Then, using a cloth to protect your hands, grasp the metal disc and turn counter-clockwise as shown.
3. Wash metal disc and nut in hot, soapy water. Rinse and dry. Wipe the bottom of the Motor Housing with damp, soapy cloth, then wipe dry with a clean cloth.
4. Reattach the metal disc by placing it back onto the motor housing. Using a cloth to protect your hands, turn the disc clockwise. Do not immerse Motor Housing in water or other liquid.
5. Wash Base, Ice Chamber, and Freezer Containers in hot, soapy water. Rinse and dry.

Recipes

Slushies

Freeze soda, fruit juice, or other beverage. Shave frozen beverage into a glass, then fill glass with more of the same beverage.

Ice Milk Milkshake

Freeze plain or chocolate milk. Shave frozen milk into a glass then fill glass with more milk.
