SCSI/Fibre Channel - 21-in. LVD SCSI Ribbon Cable 68Pin Internal/External LVD HD68M/F with Bracket

Highlights

- Convert an Internal SCSI port to External
- U160 LVD Rated

Description

This handy SCSI internal/external ribbon cable converts an available internal channel on a wide SCSI controller card to an external SCSI port (HD68F). LVD rated for U160 and earlier applications. Tripp Lite warrants this product to be free from defects in materials and workmanship for life.

System Requirements

- Wide SCSI controller card
- Open slot on CPU for external HD68 bracket

Package Includes

- 21 inch LVD SCSI ribbon Cable 68Pin internal/external LVD HD68M/F with bracket

Features

- External HD68F port comes with mounting bracket
- 21 inches long
- Constructed with "Branded" Twist-n-Flat ribbon
- All Tripp Lite SCSI products, regardless of the SCSI generation, meet the latest specifications of ANSI
- Tripp Lite offers a complete line of internal and external solutions for SCSI/RAID and fibre channel ranging from the very latest ultra 320 to legacy SCSI-1 and every combination in between
- Internal/external cabling option
- Tripp Lite warrants this product to be free from defects in materials and workmanship for life
