**SYSTEM BUILDER SKU**

**PRODUCT** ATI TV Wonder HD 650 Combo USB for MAC

**PRODUCT DETAILED DESCRIPTION**  
 The ATI TV Wonder™ HD 650 Combo USB TV tuner loads your system with a complete set of media abilities, transforming your Desktop or notebook into the ultimate entertainment system. The tuner is flexible enough to be used with either your Mac Pro, Mac mini, Mac Book or I Mac. Attach an amplified high definition antenna or your analog TV cable and you can watch, pause, or record high definition TV on your Mac. Even analog TV is made brilliant by the advanced 3D Comb Filter that produces a high-end television and video content experience with true-to-life images. The Motion Adaptive 3D Comb Filter, Edge Enhancement and Noise Reduction work together to produce an ultra sharp, pure image that rivals high-end TV sets. Your ATI TV Wonder™ 650 is a high-speed USB device that lets you enjoy over the air digital (ATSC) TV broadcasts on your laptop or Desktop computer. You can also receive analog (NTSC) broadcasts by connecting your home's TV cable line or external antenna to your ATI TV Wonder™ 650.  
[TV Wonder Parental Control Notice](#)
