Checking the accessories

Make sure you have the following items with your headset: Adapter, User's Guide

Charging the headset

Put the adapter into the jack on the headset and into the electrical outlet.

Charge the headset until the red indicator light turns blue.

⚠ Do not attempt to charge the headset with anything other than the adapter provided.

Your headset overview

Turning the headset on or off

To turn the headset on, press and hold the Multi-function button until the blue indicator light flashes 4 times. To turn the headset off, press and hold the Multi-function button until both blue and red indicator lights flash.

Wearing the headset

Wear the headset on your ear. In general, you will get better performance when there are no obstructions (including parts of your body) between the headset and the phone.

Understanding various modes

Standby mode: The headset is waiting for a call. The blue indicator light flashes every 3 seconds.

Active mode: The headset has a call in progress. The blue indicator light flashes every 8 seconds.

Pairing mode: The blue indicator light stays lit. You can discover and connect to your headset on your phone.

Low battery mode: There is less than 10% of battery power left. The red indicator light flashes. You must recharge the battery.

Pairing with your Bluetooth phone

1 Enter Pairing mode.

If you turn it on for the first time, it proceeds into Pairing mode immediately.

Make sure that the headset is off, and press and hold the Multi-function button until the blue indicator light remains lit after blinking.

Press and hold the Multi-function button to:

- Make a voice-activated call
- Reject an incoming call

In Active mode

Press the Multi-function button to:

- End a call
- Transfer a call from the phone to the headset

Press and hold the Multi-function button to:

- Place a call on hold
- Answer a second call
- Retrieve a call on hold

Press [+] or [-] to adjust the volume.

Press and hold [+] or [-] to turn the microphone off or on.

2 Search for and pair with your phone according to your phone's user guide. (Bluetooth PIN: 0000, 4 zeros)

If the pairing is successful, the blue indicator light will flash 10 times rapidly before entering Standby mode.

If the blue indicator light remains lit, retry pairing.

☑ NOTE:

When the headset and the phone are paired, the headset attempts to reconnect automatically each time it turns on. Otherwise, press the Multi-function button to reconnect.

Using call functions

Some functions may not be supported by your phone.

In Standby mode

Press the Multi-function button to:

- Answer an incoming call
- Redial the last number called
