

BELT STATION PTT

GROUND MECHANIC HEADSETS

Peltor's new Ground Mechanic headset is specifically designed for individuals in ground support and ramp operations to talk clearly with pilots during high noise push-back situations. New & improved features include:

- ▶ Folding headband for compact storage
- ▶ 3 foot curly download cable with military grade connector/cable assembly
- ▶ Reinforced, easy to grip plug assembly
- ▶ Numerous length belt station push-to-talk cord assemblies
- ▶ Noise canceling microphone
- ▶ NRR 25 dB

Folding headband feature for compact storage while not in use. Standard option on both Hi-Viz and Black Cup models.

"Hi-Viz" yellow cup version
