HomePlug Ethernet Adapter

Home:Link 314

Technical information

Product name

- Jensen Home:Link 314

Specifications:

- Standards: 10Base-T Ethernet, IEEE 802.3, 10 Mbps Auto MDI / MDIx Support, 14 Mbps HomePlug 1.0 compatible
- Protocols: CSMA/CA MAC control Transfer rate: 14 Mbps
- Range: Up to 5000 square feet
- Quality of Service: Forward Error Correction (FEC) support. Channel Adaption ensures that signal integrity is maintained even under harsh noise environment. CSMA/CA with prioritisation and ARQ for reliable delivery of Ethernet packets via Packet Encapsulation. Four Level prioritised random access method. Segment bursting and contention - free access ensures high throughput while maintaining low latency response and jitter performance
- Security: 56 bit DES
- LED Indicators: 1 x Power LED, 1 x Powerline Link Status LED, 1 x Ethernet Link / Activity Status LED
- Computer Interface: RJ45
- External Connectors: 1 x Electrical Power Socket, 1 x RJ45 for 10Base-T Ethernet(AutoMDI / MDI-X)
- Dimension (plastic housing): 92 x 66 x 45 mm (height x width x depth)
- Weight: Approx. 180 g

System requirements:

HomePlug Ethernet Adapter - Home:Link 314 is applicable with all TCP/IP operating systems with Ethernet port.
Drivers are not required for this adapter. But the supplied Configuration Utility software to assign the network password operates only with Windows operating systems.

Your computer must meet the following requirements in order to use the Home:Link Configuration Utility:

- Windows 98SE, Windows Me, Windows 2000 or Windows XP with Ethernet connection
- Pentium II 300 MHz MMX-Compatible PC or greater
- At least 64 MB hard disk space and memory
- CD-ROM drive

Package content:

- 2 pcs Home:Link 314
- 2 pcs Ethernet Cable - RJ-45
- Quick Start Guide
- CD with Online Manual and Software
