

## Wireless Bluetooth Headset

RF-QX4 / RF-QX4-T / RF-QX4-E / RF-QX4-J

### QUICK SETUP GUIDE

Congratulations on your purchase of the RF-QX4 wireless bluetooth headset. This headset represents the state of the art in wireless headset design and is designed for reliable and trouble-free performance.

US: RF-QX4 • Canada: RF-QX4-T • Europe: RF-QX4-E • Japan: RF-QX4-J

#### Package contents

- RF-QX4 headset
- USB charging cable and A/C wall adapter
- *Quick Setup Guide*
- Ear loop
- Small, medium and large ear buds

**Warning:** If the volume is set too high, excessive sound pressure from earphones and headphones can cause hearing loss.

#### Features

#### Charging the battery

Charge the headset before using.

- Connect the charger to the headset and to a power outlet. While the battery is charging, the indicator lights red. When the battery is fully charged, the indicator lights yellow-green.

**Note:** Charge the headset with the attached USB cable and provided wall charger only.

#### Turning the headset on and off

- 1 To turn on the headset, press and hold the **Power/Send/End** button for about two seconds. The headset beeps and the indicator blinks green.
- 2 To turn off the headset, press and hold the **Power/Send/End** button for about four seconds. The headset beeps and the indicator briefly lights red.

#### Pairing the headset

- 1 Press and hold the **Power/Send/End** button for about four seconds. The indicator rapidly flashes green. Make sure that a compatible phone is turned on and within 33 feet (10 meters) of the headset.
- 2 Release the button. The headset is now in pairing mode.
- 3 Activate the Bluetooth connection from the phone. See your phone's documentation for instructions.
- 4 Set the phone to start searching for Bluetooth devices.
- 5 Select **RF-QX4** from the list of found devices.
- 6 If necessary, enter the PIN Code **0000** to pair and connect the headset with your phone. In some phones, you need to make a connection separately after pairing.

To...	Do this...
Voice dial	Press the <b>Power/Send/End</b> button.
Redial	Double-press the <b>Power/Send/End</b> button.
Answer a call	Press the <b>Power/Send/End</b> button.
End a call	Press and hold the <b>Power/Send/End</b> button for two seconds.
Refuse a call	Double-press the <b>Power/Send/End</b> button.
Change the volume	Press the + (volume up) or - (volume down) button.
Transfer a call between connected devices	Double-press the <b>Power/Send/End</b> button while in a call to transfer the call to the handset.

### Erasing all pairing information

When the headset is turned off, press and hold the **Power/Send/End** and - (volume down) buttons until the indicator flashes red and green alternately.

### Resetting the headset (hardware reset)

#### To reset the headset (hardware reset):

Press and hold the **Power/Send/End** button and connect the charger at the same time. The headset is turned off and reset.

**Note:** You should only use the reset function when the headset operates unusually.

For more information about using your headset, see the online *User Guide*.
