

LOOK GOOD, SOUND BETTER™

PLANTRONICS DISCOVERY® 925

The Plantronics Discovery® 925 is a Bluetooth® enabled earpiece that makes a statement with every call, blending an elegantly simple design with crisp sound quality and lightweight comfort. Getting connected is easy with QuickPair™ and the innovative charging case keeps you connected with its integrated rechargeable battery. Your choice of ear tips designed for all day wear gives you a tailored fit without the need for an earloop.

Technology and design

Hear and be heard in style with AudioIQ® noise control technology that automatically enhances your caller's voice over background noise.

The exclusive innovative VFrame™ design – captures your eye as well as your voice. Designed to follow the contours of your cheek, it balances comfort and stability in the pursuit of crisp audio quality.

Target customer

Consumers who like to trade up to products that are perceived as stylish and fashionable, but demand uncompromising quality.

Sales argument

Instyle, In motion – stylish and elegant design.

Product benefits

Technology

AcuSpeak™

This microphone selects only the human voice, cutting other sounds out of your transmission.

Audio Line Out

Stream music from your Bluetooth stereo phone to your powered speakers for public listening.

Multipoint

Allows you to use one headset to switch between two different Bluetooth audio devices.

Noise-cancelling microphones

Reduce the background noise and so enhance the accuracy of the sounds being transmitted – ideal for noisy environments.

TCO '07 certification for headsets

Plantronics was the first manufacturer to adopt the new TCO '07 headset standard across its range of headsets worldwide starting with key models from each of its business segments. The certification means that the headset is designed and manufactured according to some of the strictest performance and environmental criteria in the world. Headsets certified meet TCO Development's requirements on ergonomics, ecology and energy and cordless headsets also meet the requirements on emissions. Visit www.tcodevelopment.com for details.

Pairing information	
<p>Plantronics has developed QuickPair™ technology, featured in the Plantronics Explorer® 220/230/360/370, Plantronics Discovery® 650/665/925 and Plantronics Voyager® 520/815/855 to make pairing the headset with a Bluetooth phone even easier. When you first switch on the headset it will automatically go into pairing mode for an extended period, flashing red and blue. Refer to the additional information below to complete the pairing.</p> <p><i>NOTE: You normally only need to pair the headset and handset once. If the headset has been previously paired with another device, please follow normal pairing instructions below.</i></p>	
Explorer 220, 230, 360 & 370, Voyager 520	Voyager 510 & 510 USB
<ol style="list-style-type: none"> 1. With your headset turned off press call control button for 6 secs and release when indicator light flashes blue and red. <p>NOTE: The headset can pair to multiple Bluetooth devices, but will only connect to one device at a time and will automatically connect to the last device to which it was connected.</p> <ol style="list-style-type: none"> 2. While the headset is flashing, use the phone menu to search for Bluetooth devices and select "xxxPlantronics". 3. When prompted for passkey enter 0000. Headset will flash blue when paired successfully. 	<ol style="list-style-type: none"> 1. With your headset turned on, simultaneously press the listen volume adjust button marked + (volume up) and the call control button. Release the buttons when the indicator light begins to flash red then blue. 2. While the headset is flashing red and blue, use the phone menu to search for Bluetooth devices and select "510 Plantronics". 3. When prompted for password, enter 0000. The headset will flash blue when paired successfully.
Discovery 650, 665 & 925, Voyager 815 & 855	Pulsar® 590 & 590E
<ol style="list-style-type: none"> 1. With your headset turned off, hold down the call control button until the headset status indicator briefly glows blue, then flashes red and blue. The headset is now in discovery mode and will stay that way for 120 seconds. 2. On your phone, highlight and select "Look for Devices," or equivalent, to activate the scan for the headset. 3. When the phone display shows the scan results, select "xxx Plantronics". The phone will continue to search for the headset. 4. When the phone display asks for a passkey, type "0000" and press Enter. Your headset is now linked to your phone. 	<p>Begin with headset turned off.</p> <ol style="list-style-type: none"> 1. Press and hold the call control button (1). 2. Power headset on (2) and when indicator light flashes red and blue, release the call control button (1). 3. Use the phone menu (3) to search for Bluetooth devices and select (590) Plantronics 4. Enter 0000 when prompted for a password (4).
Pulsar 260	
<p>Begin with the pod powered on.</p> <ol style="list-style-type: none"> 1. Press and hold the mute/play/pause button (2) and the power on/off button (1) at the same time. 2. When the indicator light flashes red and blue, release the buttons. 3. Use the phone menu to search for Bluetooth devices and select "260 Plantronics". 4. Enter 0000 when prompted for a password. <p>The indicator light flashes blue when paired successfully.</p>
