Charging the headset

This headset has a rechargeable internal battery which is nonremovable. Ensure that you fully charge the battery before using the headset for the first time.

- 1 Put the travel adapter into the adapter jack and into a power outlet.

The indicator light turns on red.

- 2 Disconnect the travel adapter from the power outlet and the headset when the indicator light changes to blue.

Your headset overview

☑ NOTE:

- Make sure you have the following items with your headset : Travel adapter, User's guide, Earphone
The items supplied with your headset may vary depending on your region.

☑ NOTE:

- Use only a Samsung-approved travel adapter
Unauthorized adapters may cause an explosion or damage to the headset.
- The battery will gradually wear out while charging or discharging because it is a consumable part.
- When a call comes in while charging, disconnect your headset from the travel adapter and answer the call.

Wearing the headset

Plug the supplied earphone into the headset and put the earphone in your ear. Ensure to put the correct (Left, Right) earpiece on each ear. You can attach the headset to your clothes.

Turning the headset on or off

- Slide the power switch  to turn the headset on.
The indicator light sequentially flashes blue, red, purple 2 times.
- Slide the power switch  to turn the headset off.

Pairing with your Bluetooth phone

1 Enter Pairing mode.

- Slide the power switch  with pressing and holding  to turn the headset on. The indicator light turns on blue and stays lit after flashing blue, red, and purple twice.
- If you turn the headset on for the first time, it proceeds into Pairing mode immediately.

2 Search for and connect with your phone according to your phone user's guide. (Bluetooth PIN: 0000, 4 zeros).

NOTE:

When the headset and the phone are paired, press  to reconnect via the previously connected Headset Profile or Hands-Free Profile, or press  to reconnect via the Advanced Audio Distribution Profile.

Press and hold  to:
