

Rain Gauge

With built-in clock and date display

Use our full-featured rain gauge to stay informed about rainfall in your area.

This digital, self-emptying rain gauge features an easy to read LCD readout which displays current (up to 9.99") and accumulated rainfall (up to 99.9") for intervals of 1hr., 24hrs., 7 days, and 30 days.

Also displays accumulated rainfall since the beginning of the most recent precipitation. Can be reset daily, weekly or whenever you choose.

Ideal for landscapes where rainfall amounts are a critical factor to gardening success.

- Large LCD display is easy-to-read, even from a distance
- Shows current and accumulated rainfall totals
- Self-emptying and virtually maintenance-free
