## Acer PDA n30 Series Fingertip Technology

Slimline Pocket PC Power

Acer PDA n30 Series

## Fingertip Technology

The Acer n30 Pocket PC provides an array of latest-generation features for fast-moving professional users. This small, slick-looking and powerful unit is puts the most innovative technology available at the fingertips of high-image self-employed users. Whether managing contacts or a busy calendar, creating quick email or Outlook, Excel or Word-compatible documents, the Acer n30-Series handhelds provide formidable multitasking performance for lightning-fast personal and professional information management, anytime, any place.

### Lightweight, Stylish and slim

The slim, compact Acer n30 is probably the thinnest Pocket PC on the market today, weighing in at just 130g. Featuring an elegant silver case, matt black display frame and back, the Acer n30 is as stylish as they get.

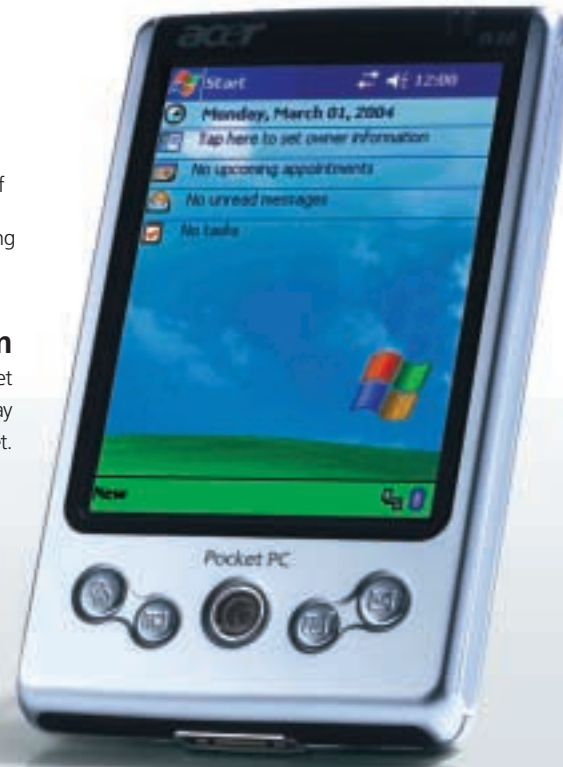

### Ultimate screen brightness

The beautiful colour 3.5" TFT transfective display of the Acer n30 features the latest low-temperature polysilicon (LTPS) technology for a much brighter display and higher colour saturation than traditional handheld devices. This ensures ultra-sharp clarity for far better viewing of web pages, presentations, videos, photos, and more.

### Performance and expandability

Powered by a 266MHz Samsung S3C2410 processor with 32MB flash ROM and 64MB RAM, the Acer N30 brings cutting-edge performance to hand-held computers yet still has plenty of room for expansion. With integrated Secure Digital/MMC slots, users can add more memory, additional wireless Lan cards and even a camera, while the long-lasting, rechargeable ion-lithium battery provides up to 8 hours' continuous use.

### Bluetooth® and wireless ready

The Acer n30 Pocket PC integrates Bluetooth® technology and Irda connectivity enabling the user to set up wireless Internet links, and check email via compatible mobile phones, as well as operating other Bluetooth®-enabled devices such as printers, Bluetooth® GPS receivers and many more besides.

### Productivity on the move

In addition to Microsoft® Windows® Mobile™ 2003 Pocket PC Premium Edition, the elegantly-designed Acer n30 Pocket PC also comes with a complete range of applications including MSN® Messenger, Windows® Media™ Player 9.0, Pocket Word™, Pocket Excel™, Pocket Internet Explorer and Pocket Outlook 2002™, Adobe Acrobat Reader for Pocket PC allowing users to effortlessly manage appointments, mail and messages while on the go and providing one-click data synchronisation between the Microsoft® Outlook installations once back home.
