# The Ultimate Outdoor Broiler

# Our Basics Increase Productivity

*Every Ultimate Outdoor Char Broiler is available with a comprehensive selection of standard features as well as an extensive array of quality options and accessories, providing you with the ultimate flexibility for broiling, grilling, steaming, roasting and holding — all in a single piece of equipment.*

## **Grates**

*Tough, nickel chrome-plated steel grates provide terrific score markings, making foods look delicious, are easy to clean and helps prevent sticking.*

## **Stand with Legs & Casters**

*Standard features include a stainless steel stand, set of four, heavy-duty stainless steel legs with casters for ease of transport. Two casters have locks for added safety.*

## **Wind & Splash Guards**

*Our optional 30" stainless steel dual purpose Wind & Splash Guards are designed to help protect the broiling area on breezy days and evenings, while allowing the chef a full view of the grilling area. Perfect for containing splatters and splashes within the broiling area. They are easily removed for thorough cleaning. May be used with Steamer System or side-by-side with Smoke & Roast hood, or two together on 60" models.*

# The Ultimate Outdoor Broiler

## **Stainless Steel Water Pans**

*Designed to catch drippings and ease clean-up chores, slide-out stainless steel water pans are standard features on all BAKERS PRIDE Ultimate Outdoor broilers. Water pans keep foods moist while preventing unwanted flare-ups.*

*Our 60" models include two water pans - one on each end.*

***Built-In** models feature front-mounted water pans.*

## **Work Decks**

*Every BAKERS PRIDE catering char broiler comes standard with a full length, front-mounted, 8" deep, heavy-duty stainless steel work deck. Work decks are ideal for preparation, staging and plating.*

*Optional Richlite work deck is available for chopping and cutting and is easily removed for cleaning.*

## **Under Shelves**

*Stainless steel under-shelves are available, increasing storage capacity. This option requires using side-mounted propane tanks.*

# Thoughtfully Designed

## **Smoke & Roast Roll Top Hoods**

*Our optional stainless steel Smoke & Roast Roll Top hoods are available in 30" and 60" sizes and are ideal for roasting and holding meats, poultry and vegetables. Smoke & Roast hoods allow the operator to control the cooking process while increasing production and help keep food sanitary, dust and dirt-free.*

*60" models accommodate one 60" hood or two 30" hoods.*

## **Valves**

*Temperature zones are created by independently controlled adjustable valves for each burner and are easily regulated and precise, providing the operator with visible, instantaneous control for perfectly balanced control and energy savings by allowing the chef to choose which burners to ignite, how high to set the flame and balance as needed. Gas regulator(s) are included at no extra charge.*

## **\* All Weather Cover**

*Protect your investment from the elements with our rugged, industrial grade polyethylene vinyl cover. Sizes available for all models. Designed for broilers with smoke & roast toll-top hoods, yet may be used on broilers without hoods.*

# The Ultimate Outdoor Broiler

### **Pan Sets**

Sets include one 14" x 22" water pan with one 12" x 20" full size food pan insert or two 12" x 10" half-size food pan inserts up to 4" deep.

Food pans inserts have attractive stainless steel covers with handles.

### **Steamer System**

Turn your broiler into a steamer table to Cook & Hold vegetables, seafood and meats with our optional Steamer System. Fabricated of heavy-duty stainless steel, the Steamer System sits directly on the broiling area.

Pans sold separately.

### **Optional Side & Rear Work Decks**

In addition to standard front mounted work decks, optional side and rear mounted stainless steel work decks provide additional convenience while keeping work areas clear and clean. Both are easily installed and removed as required.

# "The Ultimate" Provides Flexibility

## **Side-Mounted Tank Brackets**

Side-mounted LP tank bracket(s) are supplied standard with base models. The CBBQ-30S comes with one side-mounted bracket, while the CBBQ-60S comes with two. Side-mounted tank brackets accommodate 20 lb. LP tanks. Tanks are sold separately and are provided with hoses and regulators.

## \* **Griddle Plates**

Optional griddle plates are ideal for sauté vegetables, stir-fry, blackened meats and breakfast menu items. Two types are available — an 11" wide, lift-off, removable griddle plate with handles that sits directly on standard broiler grates, or a 30" in-line griddle plate that is used in lieu of standard top grates.

## **Propane Tank Caddies**

Optional single or double tank caddy on casters with handle make moving and re-fueling as easy as it gets. Tank caddy conveniently attaches to bottom of broiler when in use.

Single tank caddy accommodates one 40 lb. LP tank while the double caddy accommodates two, 40 lb. LP tanks. Tank caddy may not be used with optional undershelves — use side-mounted tank brackets only.\*

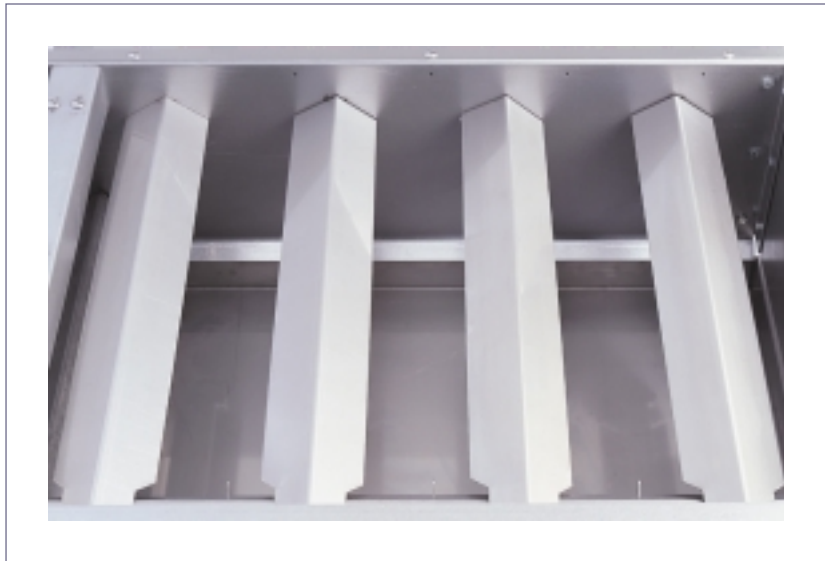

# The Ultimate Outdoor Broiler

## **Stainless Steel Radiants**

*Our stainless steel radiants provide intense, searing heat to preserve the natural juices of your favorite foods — protecting their natural, savory, tantalizing flavors while creating juicier meats with less shrinkage.*

*Located above each independently controlled burner, stainless steel radiants prevent clogging of burner ports while distributing even temperatures to the broiling surface.*

*Rugged heavy gauge stainless steel radiants provide rapid preheat, precise heat control and nearly instantaneous adjustable temperature response.*

## **Crossover Pilot System**

*Our Easy-Lite / Always-Lit crossover pilot tube provides additional safety and energy savings. Just light the pilot tube through access hole on valve panel or anywhere along the entire length of the broiler and all burners will automatically ignite. If one burner extinguishes, the adjacent burner will automatically re-ignite it — saving energy and preventing gas build-up.*

## **Burners**

*At the heart of every BAKERS PRIDE broiler are durable, heat resistant, clog-proof burners. Individually operator-controlled and placed close together for even heat distribution, each burner provides 20,000 BTUH's for faster preheat, quicker recovery, maximum top heat intensity and greater production.*
