For grilling flat food items in large quantities and for toasting. Ring element, fan Fan Dual grill Grill, top heat 14 electrolux operating the oven Inserting the Oven Shelf and the Roasting Pan Shelf runner safety and anti-tip device As a shelf runner safety device all insertable components have a small curved indentation at the bottom on the right and left-hand edge. Always insert insertable components so that this indentation is at the back of the oven interior. This indentation is also important for preventing the insertable components from tipping. Inserting the roasting pan: Push the roasting pan between the guide bars of the selected oven level.

operating the oven electrolux 15 Inserting the oven shelf: Insert the oven shelf so that the feet point downwards. Push the oven shelf between the guide bars of the selected oven level. The high rim around the oven shelf is an additional device to prevent cookware from slipping. Inserting the oven shelf and the roasting pan together: Lay the oven shelf on the roasting pan. Push the roasting pan between the guide bars of the selected oven level.

16 electrolux operating the oven Grill set The grill set consists of grill and roasting pan. The grill can used on both sides..
