## American DJ™ Scrambler

### **HALOGEN LAMP WARNING!**

This fixture is fitted with halogen lamps which are highly susceptible to damage if improperly handled. Never touch lamp with bare fingers as the oil from your hands will shorten lamp life. Also, never move fixture until lamp has had ample time to cool. Remember, lamps are not covered under warranty conditions.

Thank you for purchasing this American DJ™ product. For your convenience this lighting effect has been lamped and is ready to be used, there is no assembly required. Please read the following instructions before installing or using your new unit.

#### Operating Instructions:

Unit is ready to be hung or set on the ground. After plugging in unit, the lights will react to the music via the sound active internal microphone. The Scrambler™ is a compact unit with the case design and effect of the ADJ Pulsator™. This unit has a triangular rotating multi-colored dichroic head, and projects multiple gobo images on the floor. The Scrambler™ features a removable gobo; use any of the 35 ADJ gobos. An impressive lighting effect for DJ's, small clubs, & bands. Fan Cooled.

**To replace lamp;** unscrew knob on the head of the fixture. Replace bulbs; reassemble.

For service, contact your American DJ™ dealer.

**Caution!** Always disconnect from main power before replacing lamps or servicing unit. Remember to always replace with same lamps and fuses.

**Model: Scrambler™**
