

Set Up Your Computer First

CAUTION:

Before you set up and operate your Dell™ computer, read and follow the safety instructions in your *Owner's Manual*.

See your *Owner's Manual* for instructions on attaching the stand. The screw is attached to the bottom of the stand.

1 Options for connecting the monitor - VGA→VGA
If your monitor has a VGA connector and the optional video card is not present, connect your monitor to the integrated video connector.

VGA→DVI
If your monitor has a VGA connector and the optional video card is present, connect your monitor to the optional video card connector using the DVI adapter (included).

DVI→DVI
If your monitor has a DVI connector, connect your monitor to the optional video card connector.

2 Connect a keyboard and a mouse.

3 If you have a modem, connect a telephone cable to either of the modem connectors (not all modems have two connectors).

4 If you have a network device, connect a network cable to the network connector.

5 Connect the computer and monitor to electrical outlets.

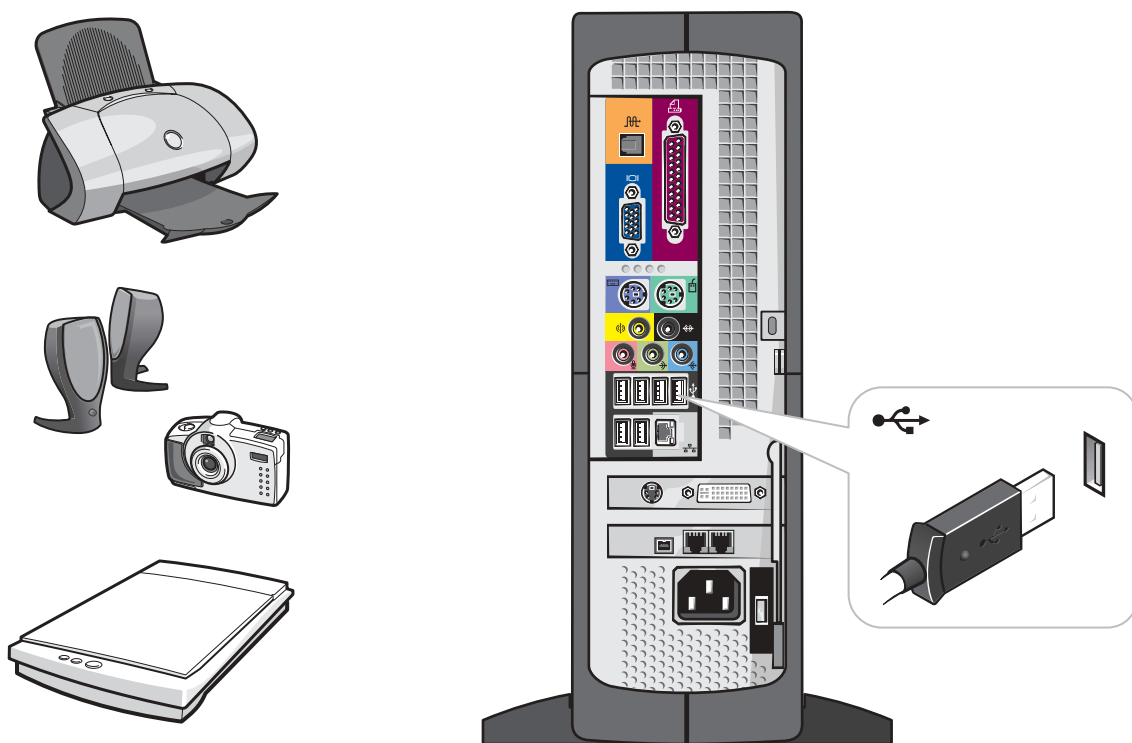

Set Up Other Devices Last

6 Turn on the computer and monitor.

Connect other devices according to their documentation.

Open the door for:

1. IEEE 1394 option

Connect devices such as digital cameras to the IEEE 1394 connector.

2. CD or DVD drive

Play CD or DVD discs in this drive.

3. PC Card option

Connect certain types of PC Cards in this slot.

4. Front USB 2.0 connectors (2)

Connect accessories, such as game controllers and digital cameras, to these USB connectors.

5. Headphone connector

Plug headphones into this connector. Doing so disables sound from your speakers.
