# 2 Using the ClassPad Add-In Installer

Add-in software applications let you add new functions and configure your ClassPad to your specific needs. The ClassPad Add-In Installer lets you install add-in software applications on your ClassPad.

The steps you need to perform depend on whether you have the ClassPad's "Wakeup Enable" feature turned on or off. For information about "Wakeup Enable", see "Configuring Communication Parameters" in the ClassPad 300 (page 15-3-1)/ClassPad 300 PLUS (page 16-3-1) User's Guide.

### When "Wakeup Enable" is turned on

Perform the following steps in sequence, from 1 through 17.\*

### When "Wakeup Enable" is turned off

Perform the steps in the following sequence: 1, 2, 3, 4, 8, 9, 5\*, 10, 11, 12, 13, 14, 15, 16, 17.

\* Note that you need to perform step 5 only if the "Found New Hardware Wizard" dialog box appear on your computer screen. The "Found New Hardware Wizard" dialog box appears only the first time you connect the ClassPad to your computer.

### Note

- Specify USB cable for the ClassPad's "Cable Type" setting. For details, see "Communication Dialog Box" in the ClassPad 300 (page 13-3-8)/ClassPad 300 PLUS (page 14-3-8) User's Guide.
- Tapping the [Cancel] button on the ClassPad screen during ClassPad Add-In Installer operation cancels operation on both the ClassPad and the computer. Conversely, clicking the [Cancel] button on your computer screen also cancels operation on your ClassPad. After you execute a cancel operation, it will take a few seconds for it to take effect. This is normal, and does not indicate malfunction.

## To use the ClassPad Add-In Installer

1. Press the ClassPad ON/OFF key to turn it on.

2. Scroll down the application menu and then tap to start up the Communication application.

### Using the ClassPad Add-In Installer

- $\emph{3}$ . Double-click the "ClassPad Add-In Installer" icon.
  - Alternatively, you could also perform the following operation: [Start] [Programs] [CASIO] [ClassPad Add-In] [ClassPad Add-In Installer].

- Since your ClassPad is not connected to the computer yet, the message "ClassPad Not connected" will appear in the left pane.
- 4. Use the USB cable that comes with your ClassPad to connect it to the computer.

Select "No, not this time".

- 5. If the Found New Hardware Wizard appears on your computer screen, perform the steps below to install the ClassPad USB driver.
  - The Found New Hardware Wizard will not appear if you already have the ClassPad USB driver installed on your computer. In this case, advance to step 6.

 a. Select "Install the software automatically (Recommended)" and then click [Next].

(Windows XP only)

Đ

(Windows XP SP2 only)

## Using the ClassPad Add-In Installer

b. Though a message appears to let you know that the software has not passed the "Windows Logo Test", there is no need for concern. Simply click [Continue Anyway] and proceed with installation.

c. Click [Finish].

 $\emph{b}$ . On your ClassPad, press the  $\bigcirc$  key.

7. Тар [ОК].

8. Tap [Link], [Install], and then [Add-In].
