GigaStation2 Surface-Mount Housings

Protect and hide cables without installing them inside walls.

FEATURES

- **Choose from 2-, 4-, or 6-port boxes.**
- **Select 1-port, 2-port, or blank inserts.**
- **Easy to install on solid surfaces such as drywall, baseboards, or furniture partitions.**

OVERVIEW

Keep your cables easily accessible by not installing them in walls. Instead, use GigaStation2 Surface-Mount Housing Boxes, Inserts (FMT900–FMT902), and compatible raceways (part numbers 36910, 36948, and 36949).

Three box models are available: a 2-port box (WPT901), a 4-port box (WPT902), or a 6-port box (WPT903). The inserts are available in one- or two-port models (FMT901 or FMT902); or, choose a blank insert (FMT900).

Attach the housing boxes to solid surfaces such as drywall, wooden baseboards, or modular furniture partitions. All housing box models have easy-to-remove knockouts that make them fully compatible with raceways. The two larger housing boxes also feature integral fiber storage loops to maintain bend radius requirements and provide 1 meter (3.3 ft.) of fiber storage.

To install the inserts, simply snap them into place. To remove them once installed, insert a flat screwdriver in the notches and pry away the insert.

TECH SPECS

Size —
WPT901: 3"H x 3"W x 1.5"D (7.6 x 7.6 x 3.8 cm);
WPT902: 5.2"H x 5.2"W x 1.5"D (13.2 x 13.2 x 3.8 cm);
WPT903: 1.5"H x 5.2"W x 7.75"D (3.8 x 13.2 x 19.7 cm)
WPT652D: 4.8"H x 2.4"W x 2.8"D (12.2 x 6.1 x 6.9 cm);
WPT653D: 4.8"H x 4.8"W x 2.8"D (12.2 x 12.2 x 6.9 cm)

GigaStation2 Box	
Single-Gang	**WPT652D**
Double-Gang	**WPT653D**

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- **You wait more than 30 minutes to get through to a vendor's tech support.**
- **The so-called "tech" can't help you or gives you the wrong answer.**
- **You don't have a purchase order number and the tech refuses to help you.**
- **It's 9 p. m. and you need help, but your vendor's tech support line is closed.**

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
