## Standard product information

### System information

- Type Active mini speaker system
- Speaker size 3 inch full range
- Frequency range 70 - 22000 Hz
- Impedance (passive) 4 Ohm
- Impedance (active) 10000 Ohm
- PMPO 24W
- Max. music power 2 x 6W
- RMS value 2 x 3W
- Interlink cable length 1 M
- Source cable length 1 M
- Cable connection 3.5mm jack
- Power supply 8\*1.5V Battery R6 ('AA')  
9V/1000 mA Adapter
- Operating time (at 5mW + 5mW output power) 40 hrs (alk batt)
- 12NC 9082 100 00178
- EAN 87 10101 65150 7

### Packaging information

- Type Gift-box
- Material Carton
- Dimensions 260 x 156 x 270 mm

### Inner carton

- Quantity 6 sets
- Dimensions 489 x 273 x 317.5 mm
- EAN 87 10101 65150 7

### Outer carton

- Quantity 12 sets
- Dimensions 571.5 x 505 x 346 mm
- EAN 87 10101 98618 0

Country of origin China

### Powerful enough for any party!

The SBC BA170's powerful, exceptionally high-quality performance is normally found only in larger, more expensive speaker sets. Compact and portable, these speakers have impact bumpers to protect them when being carried around. Perfect for parties and for really bringing multimedia games to life!

### Stylish speaker set with 6W output power

The SBC BA170 delivers 6W of powerful, exceptionally high-quality sound through very stylish speakers.

### Bass reflex system for punchy bass sounds

Bass reflex technology ensures plenty of punchy bass performance for full musical enjoyment.

### Dynamic Bass Boost

Enhances bass performance at all volume levels by boosting the lower frequencies at lower volumes, and reducing the boost when the volume is increased.

### Integrated amplifier

Can be powered from the audio source or from batteries to provide very good sound reproduction.

### Active/Passive mode switch for conservation of battery power

When switched to the passive mode, the speakers will be powered from the audio source's amplifier to conserve battery power.

### Magnetic shielding for PC applications

Magnetic shielding in the speakers means they can be safely placed next to TVs and monitors. Perfect for PC applications.

### Trackball volume control for fingertip adjustment

Volume control can be precisely adjusted for personal preference.

### AC/DC adapter included

To conserve battery power, the speakers can be powered via the included AC/DC adapter.

### Impact bumpers

Two reinforced and scratch-resistant side panels prevent the speakers from damage.
