m923 Mid-Tower ATX Case

m923 Mid-Tower ATX Case

If you want to be armed and ready for gaming combat, you need the ultimate weapon - the Ultra m923 ATX Mid-Tower PC case. This commanding chassis offers an incredible 18 drive bays (including ten 5.25-inch and eight 3.25-inch bays), and the convenience of two screw-less removable HDD cages, and a removable floppy cage. Plus, because your high-powered components will generate lots of heat, the Ultra m923 has the best cooling architecture in the business, featuring quiet, hardworking 120mm fans strategically located at the top, rear and front, along with a front LCD fan controller. And this masterful case boasts front USB, FireWire, HD audio, and AC 97 ports. All panels are removable for easy, too-free access when you need to expand, upgrade or maintain your PC's arsenal. Go into your next gaming battle armed and extremely dangerous with the new Ultra m923 ATX Mid-Tower case. Offered here at this exclusive factory direct price!
