ACT Mattress

- *Portable, lightweight mattress replacement system*
- *Non-powered Group II Therapeutic Support Surface*

Yes, you can.®

The Invacare® ACT is a full-depth mattress replacement system which reduces interface pressure for the treatment of Stage I to Stage IV pressure ulcers. The ACT mattress support system dynamically channels air to respond to a person's form providing the lowest possible interface pressure all without the use of electrical motors and pumps.

ACT2 shown on Invacare 5410IVC Bed.

Form No. 05-122

Features

- No power unit required
- Portable, lightweight mattress replacement system
- Waterproof, anti-microbial Ventex Recovery 5" therapy cover reduces friction and shear
- Durable ballistic nylon bottom protects the mattress from any abrasive surface

Therapeutic

- Active Air Channel Technology (ACT) provides 8 internal air cells that channel air through an air release valve for maximum patient immersion.
- Air release valve easily twists open to allow air to refill the air chambers between uses.
- High quality visco-foam located in the heel section to prevent pressure ulcers in that vulnerable area.
- Safety Code Approval: CA TB.#117
- Limited warranty – 1 year
