So easy, nothing stands between you and a great shot.

Built-in Help Guide

Menu Guide

Increases the focusing speed when taking close-ups or increases the focal range for super close-ups.
Shooting Guide

Menu Guide explains all of the camera's functions.
Shooting Guide educates on how to accomplish specific effects, such as brightening your subject and adjusting colors.
One-Touch Easy Print

Shoot, connect and press a Print Button on the top of camera. Everything is just "One-Touch".
22 Shooting Modes

Cuisine   Night Scene

Easy to capture great images in a variety of lighting situations.

❯ **Built-In Help Guide** No need to check the manual. With the press of a button, see a description of the camera's features. Or use the built-in tutorial via the mode dial to help you quickly choose the ideal setting for each situation and purpose.

❯ **One-Touch Easy Print** Connect to any PictBridge™-enabled printer and enjoy photo lab quality pictures, fast. No computer needed.

❯ **22 Shooting Modes including QuickTime® Movie** Select the right mode for cuisine, night scenes, fireworks and much more. And bring your images to life with QuickTime movie mode.

❯ **Digital Image Stabilization Mode** Capture crisp, clear pictures with high ISO sensitivity and fast shutter speed even if your subject is moving.

❯ **2.5" LCD** (FE-140) / **2.0" LCD** (FE-130) Shooting and sharing are so much easier and more enjoyable with the view you get on this bright, large LCD.

❯ **6.0 Megapixel CCD** (FE-140) / **5.1 Megapixel CCD** (FE-130) Capture high-quality images that can be cropped and printed to 8" x 10" and larger.

❯ **12x Total Seamless Zoom** 3x optical zoom plus 4x digital zoom moves you closer to your subject without taking a step.

❯ **TruePic TURBO™ Image Processor** With this exclusive technology, you not only get truer colors – you also get quicker startup and shutter release times so you can shoot faster.

❯ **In-Camera Editing** Easily add colorful borders and titles on your images, adjust brightness and saturation, switch from color to black-and-white or sepia, even fix red-eye – all without using a computer.

❯ **Flexible Battery Options** Camera operates on AA batteries, available anywhere, or rechargeable and economical Ni-MH batteries.
