

HandPunch[®] 4000-S

HP-4000 with Hand Held Barcode Scanner Product Description

Customers can now purchase the popular HandPunch 4000 (HP-4000-S) with an integrated handheld laser barcode scanner facilitating shop floor data collection.

- The HP-4000-S is an extension of the popular HP-4000 that includes an integrated handheld barcode scanner. In addition to being a fully functional and feature rich time and attendance terminal, the HP-4000-S now provides the additional versatility of a job costing and job-tracking device.
- The HP-4000-S has added circuitry to enable the use of a scanner. Scanners cannot be added to a standard HP-4000.
- The HP-4000-S cannot be purchased without a scanner.

HH-LAST Hand Held Barcode Scanner Option for HP-4000-S

The laser scanner plugs directly into the HP-4000-S drawing power from the HandReader, so there are no extra wires or power supply. Handheld Scanners will be configured to read code 3 of 9 (code 39) and interleaved 2 of 5 (I - 2 of 5) formats. Up to 10 digits are used for the ID number and up to 8 digits for data entry values (accessed through function key menus).

HP-4000S

Metrlogic® MS9540 Voyager CG

- Lightweight hand held bar code scanner
- Equipped with trigger for accurate reads (can be deactivated)
