

Compatible with GN Netcom® amplifiers!

Passport™ 37-G Convertible Headset

The Passport 37-G features a GN Netcom compatible inline disconnect that connects to popular GN Netcom amplifiers or lower cords. Choose the over-the-ear wearing style or wear over-the-head with the optional use headband. Conversion between styles is a snap and no tools are needed. The stylish over the ear design is lightweight and easily adjusts to the wearer's ear. The inline disconnect gives you complete freedom to move around and multi-task without having to remove the headset when you leave your desk.

2 YEAR *Unconditional* WARRANTY

The Passport 37-G headset features a GN Netcom compatible inline disconnect for connection to GN Netcom amplifiers & lower cords.
