

## Pro Low-Profile Wall Ventilation Hoods

With standard features like heat sentry and dual setting halogen lighting, Wolf Pro wall hoods provide the ultimate in ventilation. Pro low-profile wall ventilation hoods are available in four widths and all have the classic stainless steel finish. You also have the option of a decorative rail. While a classic stainless steel rail is standard on (R) models, platinum or brass rails are available to match the bezels of our dual fuel ranges and sealed burner rangetops.

Model PW362210R shown with decorative rail.

### Features

- Classic stainless steel finish
- Rail (R) models feature a classic stainless steel decorative rail
- Heavy-duty, 16-gauge brushed stainless steel with continually welded seams, hemmed edges and sides
- Stainless steel enclosed liner
- Recessed easy-access controls
- Infinite-speed blower control
- Heat sentry feature automatically turns unit on when heat is sensed and automatically adjusts blower speed
- Halogen lighting with two settings
- Removable, dishwasher-safe, restaurant-grade stainless steel baffle filters
