The contents of this document are provided in connection with Advanced Micro Devices, Inc. ("AMD") products. AMD makes no representations or warranties with respect to the accuracy or completeness of the contents of this publication and reserves the right to make changes to specifications and product descriptions at any time without notice. The information contained herein may be of a preliminary or advance nature and is subject to change without notice. No license, whether express, implied, arising by estoppel or otherwise, to any intellectual property rights is granted by this publication. Except as set forth in AMD's Standard Terms and Conditions of Sale, AMD assumes no liability whatsoever, and disclaims any express or implied warranty, relating to its products including, but not limited to, the implied warranty of merchantability, fitness for a particular purpose, or infringement of any intellectual property right. AMD's products are not designed, intended, authorized or warranted for use as components in systems intended for surgical implant into the body, or in other applications intended to support or sustain life, or in any other application in which the failure of AMD's product could create a situation where personal injury, death, or severe property or environmental damage may occur. AMD reserves the right to discontinue or make changes to its products at any time without notice.

AMD's products are not designed, intended, authorized or warranted for use as components in systems intended for surgical implant into the body, or in other applications intended to support or sustain life, or in any other application in which the failure of AMD's product could create a situation where personal injury, death, or severe property or environmental damage may occur. AMD reserves the right to discontinue or make changes to its products at any time without notice.

### **Trademarks**

AMD, the AMD Arrow logo, AMD Athlon, AMD Opteron and combinations thereof, ATI and ATI product and product-feature names are trademarks of Advanced Micro Devices, Inc.

HyperTransport is a licensed trademark of the HyperTransport Technology Consortium.

Microsoft is a registered trademark of Microsoft Corporation.

Other product names used in this publication are for identification purposes only and may be trademarks of their respective companies.

### **Disclaimer**

While every precaution has been taken in the preparation of this document, Advanced Micro Devices, Inc. assumes no liability with respect to the operation or use of AMD hardware, software or other products and documentation described herein, for any act or omission of AMD concerning such products or this documentation, for any interruption of service, loss or interruption of business, loss of anticipatory profits, or for punitive, incidental or consequential damages in connection with the furnishing, performance, or use of the AMD hardware, software, or other products and documentation provided herein.

Advanced Micro Devices, Inc. reserves the right to make changes without further notice to a product or system described herein to improve reliability, function or design. With respect to AMD products which this document relates, AMD disclaims all express or implied warranties regarding such products, including but not limited to, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement.

### **Product Notices**

#### **Dolby® Laboratories, Inc.**

Manufactured under license from Dolby® Laboratories. Dolby and the double-D symbol are trademarks of Dolby Laboratories. Confidential Unpublished Works.

#### **Macrovision**

Apparatus Claims of U.S. Patent Nos. 4,631,603; 4,819,098; 4,907,093; 5,315,448; and 6,516,132. Licensed for limited viewing uses only.

This product incorporates copyright protection technology that is protected by US patents and other intellectual property rights. Use of this copyright protection technology must be authorized by Macrovision, and is intended for home and other limited viewing uses only unless otherwise authorized by Macrovision. Reverse engineering or disassembly is prohibited.

### **Documentation Updates**

AMD is constantly improving its product and associated documentation. To maximize the value of your AMD product, you should ensure that you have the latest documentation. AMD's documentation contains helpful installation/configuration tips and other valuable feature information.

## Important Safety Instructions

**Note:** This product is for use only with compatible UL listed personal computers that have installation instructions detailing user installation of this class of product.

1. Read all the instructions.  
Read all the safety and operating instructions before the product is operated.
2. Retain the instructions.  
Retain the safety and operating instructions for future reference.
3. Heed all warnings.  
Obey all warnings on the product and in the instructions.
4. Ground appropriately.

### Caution:

For continued protection against the risk of electric shock and fire, install this accessory only in products equipped with a three-wire grounding plug, a plug having a third (grounding) pin. A 3-pin plug will only fit into a grounding-type power outlet. This is a safety feature. If you are unable to insert the plug into the desired outlet, contact an electrician to replace the obsolete outlet. Do not remove the grounding pin of a three-pin plug.

5. Attach card securely.  
Completely tighten all product-securing pins to provide continuous bonding between the product and the computer chassis.
6. For cards with TV tuners:
  - a. Ground outdoor antenna appropriately.

### Caution:

Since an outdoor antenna or cable system may be connected to the product, be sure that the antenna or cable system is grounded so as to provide some protection against voltage surges and built-up static charges. Article 810 of the *National Electrical Code, ANSI/NFPA 70*, provides information with regard to proper grounding of the mast and supporting structure, grounding of the lead-in wire to the antenna discharge unit, size of grounding conductors, location of antenna-discharge unit, connection of grounding electrodes, and requirements for the grounding electrode.

- b. Unplug during storms and when unused for long periods of time.

### Caution:

For added protection for this product during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the product from power-line surges.

- c. Install outdoor antenna system away from power lines.

### Warning:

When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits, as contact with them may be fatal.

**Caution:**

An outside antenna system should not be located in the vicinity of overhead power lines or other light or power circuits, or where it can fall into such power lines or circuits.

Note to CATV system installer:

This reminder is provided to call the CATV systems installer's attention to Section 820-40 of the NEC, which provides guidelines for proper grounding and, in particular, specifies that the cable ground shall be connected to the grounding system of the building as close to the point of cable entry as is practical.

# Chapter 1

## Getting Started

---

### Product Overview

The Theater™ Video Remote is an infrared (IR)-based remote control that supports ATI Catalyst™ Media Center software for the PC, as well as limited navigation functionality for Windows® Media Center.

### System Requirements

Hardware	<ul style="list-style-type: none"><li>• A computer with native USB 2.0 support.</li></ul>
Supported Operating Systems	<ul style="list-style-type: none"><li>• Windows® XP, Windows Vista™</li></ul>

## Chapter 2

# Installing the Theater™ Video Remote

---

To install the Theater™ Video Remote:

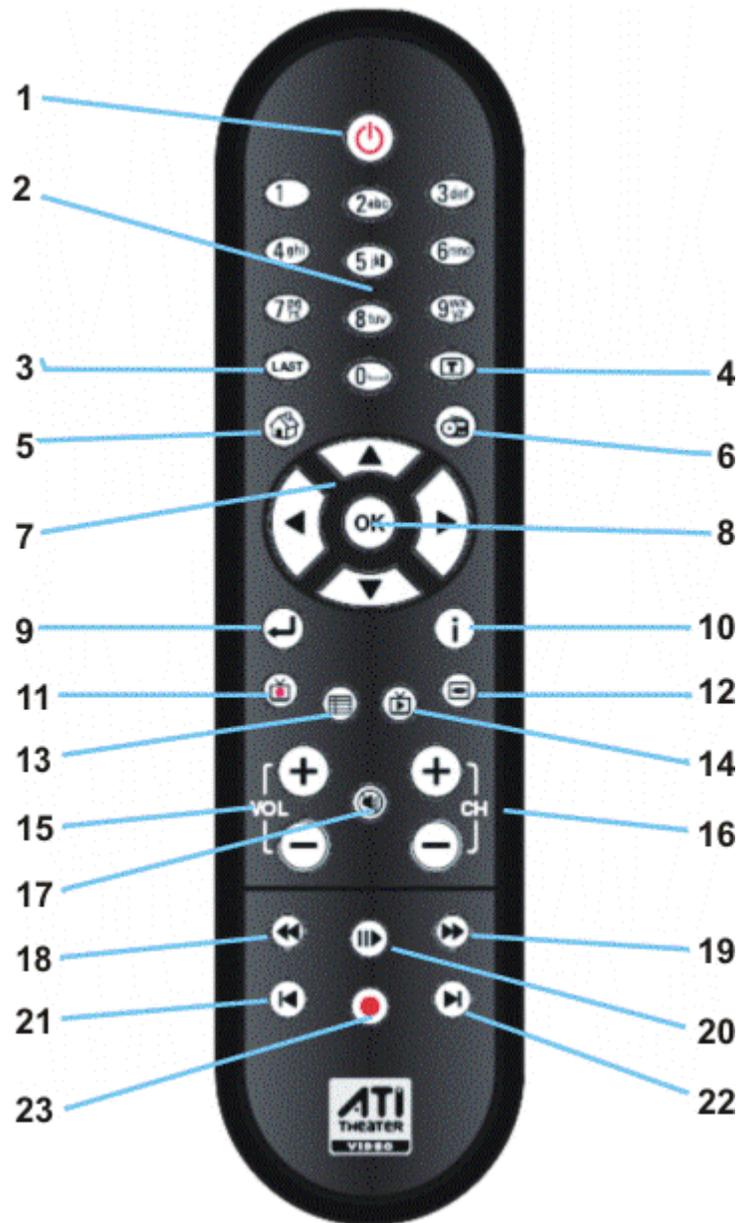

1. Open the battery container on the back of the Theater™ Video Remote and insert two AAA batteries.
2. Plug the remote receiver into any available USB port on your computer. The Theater™ Video Remote will automatically be detected by the system.

# Chapter 3

## Theater™ Video Remote Functions

Figure 3-1 Button Diagram

The following list describes the Theater™ Video Remote functions when used with ATI Catalyst Media Center (CMC) software.

## Button Functions

Number on Diagram	Function
1	Power
2	Channel\numeric entry buttons (1 through 0)
3	Last channel (channel switch)
4	Closed Captioning on/off
5	Launch CMC/Home/Close CMC
6	FM Radio (if using tuner hardware)
7	Left, Up, Right, Down selection buttons
8	OK (Select) button
9	Back
10	More Info
11	Recorded TV
12	DVD
13	Guide
14	TV
15	Volume up/down
16	Channel/page up/down
17	Mute
18	Rewind
19	Fast forward
20	Play/Pause
21	Replay (previous)
22	Skip (next)
23	Record

### Troubleshooting

#### Remote does not work.

- Replace batteries (size AAA).
- The USB receiver may not be detected by your system. Try another USB port.

#### Remote control works sporadically.

- Check batteries.
- Check the line of sight to the USB receiver.

### International Compliance Information

This section details the worldwide compliance information for this product, which is manufactured to be compliant in the regions where it is sold.

### FCC Compliance Information

This product complies with FCC Rules part 15. Operation is subject to the following conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with manufacturer's instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The use of shielded cables for connection of the monitor to the graphics card is required to ensure compliance with FCC regulations. Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Complies with FCC 15.107, 15.109, 15.111, and 15.117.

For further compliance information:

**Advanced Micro Devices, Inc.**  
62 Forest Street  
Marlborough, MA 01752  
USA Tel: 508-303-3900

## Industry Canada Compliance Statement

This Class B digital apparatus complies with Canadian ICES-003 and with BETS-7, Section 3.6.

Cet appareil numérique de la Classe B est conforme à la norme NMB-003 du Canada, et NTMR-7, Section 3.6.

## CE Compliance Information

EMC Directive 2004/108/EC CISPR 22:2003 +A1:2004/EN 55022:1998 +A1:2000 +A2:2003—Class B: Limits and methods of measurement of radio disturbance characteristics of Information Technology Equipment. CISPR24:1997/EN 55024:1998 +A1:2001 and +A2:2003—Information Technology Equipment—Immunity Characteristics—Limits and Methods of Measurements

## Electrical Safety

Europe: The Low Voltage Directive—2006/95/EC EN 60950-1, 1st edition—Safety of Information Technology Equipment

USA/Canada:

- UL 60950-1, 1st edition, 2006-07-07 (Information Technology Equipment—Safety—Part 1: General Requirements)
- CSA C22.2 No. 60950-1-03, 1st edition, 2006-07 (Information Technology Equipment—Safety—Part 1: General Requirements)

To meet UL safety requirements, the computer's maximum room temperature should not exceed 40 °C.

# Waste Electrical and Electronic Equipment (WEEE) Directive Compliance

This product was manufactured by Advanced Micro Devices, Inc.

## VCCI Class B ITE Compliance Information

この装置は、情報処理装置等電波障害自主規制協議会（VCCI）の基準に基づくクラスB情報技術装置です。この装置は、家庭環境で使用することを目的としていますが、この装置がラジオやテレビジョン受信機に近接して使用されると、受信障害を引き起こすことがあります。  
取扱説明書に従って正しい取り扱いをして下さい。

## MIC Certification Information

### B급 기기 (가정용 정보통신기기)

이 기기는 가정용으로 전자파적합등록을 한 기기로서 주거지역에서는 물론 모든 지역에서 사용할 수 있습니다.

"Class B" Equipment (Household purpose info/telecommunications equipment)

As this equipment has undergone EMC registration for household purpose, this product can be used in any area including residential area.

## BSMI Certification Information
