DECK PARK 125 M COMBI PRO EL - 4WD

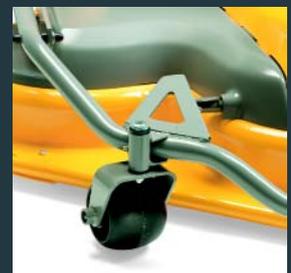

Deck Park 125 M Combi Pro EL - 4WD

A front-mounted deck with three blades Multiclip for Stiga Park Pro 4WD.

125 Combi Pro EL is front-mounted for better overview and easier accessibility. Three blades are free rotating with Multiclip function to cut the grass finely for fertilizing. The deck can without any tools be changed into a rear-discharge deck. The deck cuts with excellent result. Cutting width is 125 cm.

The deck is extremely sturdy with a solid frame around as protection. The deck adjusts up and down while the frame stays in the same position. Equipped with new developed professional bearing boxes. Pivot wheels make steering in sharp bends easier. The driver adjusts the cutting height on the control panel. The deck can be raised and angled into a cleaning position without removing the belt.

Fits Park Pro 4WD. The Front mower must be equipped with frame weights when using the cutting deck to comply with safety regulations.
