## Quick Installation Guide

1

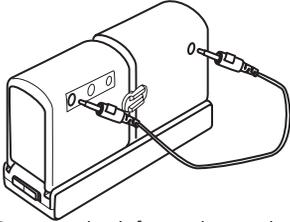

To power the speakers by battery, install 4 AAA batteries. Slide the switch ON.

2

Position the right speaker on the four pins on the base. Then position the left speaker on the two pins.

3

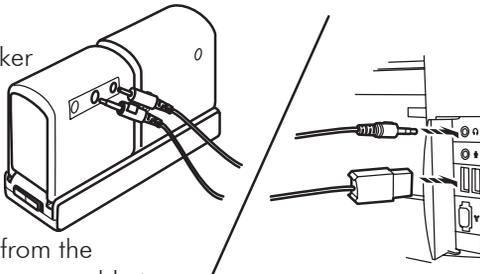

Connect the left speaker to the right speaker with a speaker cable.

**Optional:** Insert the connector clip in the back of the speakers.

4

Connect the right speaker to the computer's speaker/headphone jack with a speaker cable.

To power the speakers from the USB port, connect the power cable to a USB port and to the DC port on the right speaker. You can switch the power base OFF and separate the speakers.
