Once Upon a Time...

...The evil witch Zara and her mischievous Bogs invaded the kingdoms of Cinderella, Ariel, Snow White and Jasmine and stole their Time, Sound, Color and Trust.

The Disney Princesses now need your help! Playing as your own adventurous customizable heroine character, you must enter each world and restore their kingdoms before they are changed forever.

Be careful! Each world is full of challenges and mischievous villains. Only your magic wand and your good sense will see you through.

Parental Tips

1. To start the game, refer to page 6 of the manual.
2. In this game your child can play Single Player mode, or with a friend in Two Player mode, as she journeys into the kingdoms of four Disney Princesses.
3. The game automatically saves whenever your child sees the Wii console icon on-screen. To load a previously saved game, select Load Game from the Main Menu.
4. Press the **Z Button** to interact with people. **Swing the Wii Remote up and down** to cast magic. **Move the Wii Remote left and right** to perform a magic twirl. For a charge attack, **point the Wii Remote up and swing it down**. Use the **A Button** to jump. To move, use the **Control Stick** or the **+Control Pad**.
5. To customize the Princess, find the Shirt icon in the castle of Gentlehaven.
6. The Princess levels are organized by difficulty. Ariel's kingdom is the easiest, followed by Jasmine's and Cinderella's. Snow White's kingdom is the most difficult.
7. You can journey to any Princess level at any time, but you have to play the chapters in order. To venture into another Princess's kingdom, press the **+ Button**, then choose Return to Castle from the Menu.
8. If you get stuck, the Pixie will assist you with reminder messages, so pay close attention to what she may have to tell you.

Restore the Magical Kingdoms

Help restore the kingdoms of Cinderella, Ariel, Snow White and Jasmine with three enchanting modes of play.

- Ⓢ One Player – Journey through the many worlds of your favorite Disney Princess and use your magic to restore Time, Sound, Color and Trust.
- Ⓢ Two Player – You and a friend can join forces and save the Disney Princess kingdoms from the Bogs together.
- Ⓢ Mini-games – Challenge your skills with lots of fun mini-games found throughout the many Disney Princess kingdoms.

The Adventure Begins

To begin your adventure, go to the Main Menu.

On the Main Menu, select New Game to start a new adventure. Once a new adventure has been chosen, choose to play One Player or Two Player. Two Player mode can only be selected if a second **Wii Remote** and **Nunchuk** pairs is connected to the Wii.

Choose Load Game to play a previously saved adventure. The next screen is the profile screen. If starting a New Game, select an empty slot to begin your quest. Once an empty slot has been selected, the game will begin. After the opening cinematic, you will be prompted to enter a name.

Your Heroine

Guide your own heroine on her quest to save the Disney Princess kingdoms.

The Call to Adventure

One day, a Pixie will come to the Kingdom of Gentlehaven to alert you of the problems facing your favorite Disney Princesses.

Customize Your Character

Before you go, you will be given the chance to create your very own heroine character. Choose from a range of dress colors, hair colors, skin tone, eye colors, accessories and more!

The Magic Wand

The Pixie will also give you a magic wand that will aid you in your adventures to restore each Disney Princess kingdom.

Hint: Use your wand to fend off evil Bogs with the charge attack or to cast magic.

Basic Movement

Walk – Use the **Control Stick** or the **+Control Pad** to walk.

Jump – To jump, press the **A Button**.

Interact – Press the **Z Button** to talk with people and interact with various objects.

Cast Magic – Swing the **Wii Remote up and down** to fend off villains with your magic wand.

Charge Attack – Hold the **Wii Remote vertically**, then **swing it down** to create a blast of magic!

Magic Twirl – Find hidden treasures or use your magic by **swinging the Wii Remote left and right**.

Push/Pull Objects – Need to move a cart? Press the **Z Button** to grab the cart and use the **Control Stick** to move it around.

Ledge Grab – When you walk off of a platform or misjudge a jump, you will automatically grab the ledge and pull yourself up. If you want to jump up a ledge, get close and press the **A Button** and you will automatically grab the ledge and pull yourself up.

Hint: When Bogs approach, cast your magic to protect yourself.

The Castle of Gentlehaven

The castle of Gentlehaven is your hub to a magical adventure. In it you will find portals to all of the Princesses' kingdoms.

To access each kingdom, enter the painting found in each Princess's alcove. The Pixie will show you where they are.

Each Princess has three chapters. You can finish one chapter or complete all three before moving to the next Disney Princess kingdom. Remember, you can visit any Disney Princess kingdom in any order you choose.

After each chapter, you'll re-enter the castle of Gentlehaven. To continue your adventures in the same kingdom, press the **A Button**. To save the kingdom of a new Disney Princess, go to her alcove.

Hint: The best place for new players to start is in Ariel's kingdom.

Create Your Own Character

Before your journey begins, the Pixie will guide you through the process of creating your very own adventurous character.

Customize her dress, hair, eyes, skin tone and shoes. Or, add a variety of unique accessories, such as earrings, hats or bracelets.

Hint: You can find the character customization screen in the bedroom of Gentlehaven castle, behind the Shirt icon.

Save the Disney Princess Kingdoms

Cinderella's Kingdom – It will take all of your courage to repair Cinderella's Clock Tower and restore Time to her kingdom.

Ariel's Kingdom – Only love will conquer the Bogs' magic and return Sound to Ariel's world.

Snow White's Kingdom – Work closely with your new friends to return Color to Snow White's land.

Jasmine's Kingdom – Restore Trust to Jasmine's kingdom by dispelling all the Bog mirages.

Hint: Listen to your Pixie if you need help. She will help you save the kingdoms from the Bogs.

12

Cinderella's World

The mischievous Bogs have stopped Time. You must help Cinderella restore Time and keep her wedding on schedule.

Use your magic wand to unfreeze people, animals and objects.

Use your courage to help Cinderella restore Time to her kingdom so she can have her fairy-tale wedding.

Hint: Pay attention to Jaq and Gus. They'll teach you what you need to know.

Ariel's World

The nasty Bogs have stolen Sound from the underwater kingdom of Ariel. Only you can help her return harmony to the kingdom.

With your magical wand in hand and love within your heart, you can bring music back to Ariel's world...

...but only the removal of the Bogs' magic will save the kingdom.

Hint: Use your magic twirl to make sea anemones hide or chase schools of fish. Watch the schools of fish swim away as you approach.

Snow White's World

Help! The Bogs have used their Bog magic to steal Color from Snow White's kingdom.

Only your cleverness and the Dwarfs' teamwork can overcome the Bogs and bring the missing Colors back to the land.

Hint: Use your magic twirl to change your wand's Color. Use that new Color to fill in the world.

Jasmine's World

In Jasmine's world, the people see gold wherever they look. But is it real?

Work with Jasmine and Abu to turn mirages back to normal...

...and restore Trust to the kingdom.

Hint: Don't forget to use your wand to get rid of all of the gold mirages and light lanterns, or make the camels kneel down.

The Pixie Magic Meter

The Pixie is your protector. Each time you are hit by Bog magic, the Pixie Magic Meter will drop.

When the Pixie Magic Meter nears the bottom, it will automatically be restored, allowing you to continue on your adventures.

Hint: You will see the Pixie Magic Meter if you get hit. You can also bring it up by pressing the - Button.

Magic Wand

Your wand is extremely powerful. Use it to...

- ...turn Bogs into butterflies
- ...dispel Bog magic and restore the world back to its original state
- ...create powerful magic to fend off enemies
- ...find secret treasures throughout the worlds

18

Hint: To use your wand, swing the **Wii Remote up and down** to cast magic and right and left for a magic spin. For a charge attack, **point the Wii Remote up and swing it down.**

Play with a Friend (Two Players)

You and a friend can play together at the same time! Just connect a second **Wii Remote** and **Nunchuk**.

Work together to defeat the Bogs, solve puzzles and restore the Disney Princess kingdoms.

You can access Two Player mode at any time with a second **Wii Remote** and **Nunchuk**.

You can start with two players before the game begins. Just select Two Player after starting a New Game. Or, during the game, connect a second **Wii Remote** and **Nunchuk** and press the **A Button** on the second **Wii Remote** and your second player will appear.
