Charging the headset

This headset has a rechargeable internal battery which is non-removable. Ensure that you fully charge the battery before using the headset for the first time.

- 1 Plug the charger into the charger jack on the headset.

- 2 Plug the charger into a power outlet. During charging, the indicator light will turn red. If charging does not begin, unplug the charger and plug it in again.

Your headset overview

☑ NOTE:

Make sure you have the following items with your headset :
Charger, User guide.

The items supplied with your headset may vary depending on
your region.

- 3 When the headset is fully charged, the indicator light changes to blue. Unplug the charger from the power outlet and the headset.

☑ NOTE:

- Use only a Samsung-approved charger. Unauthorised chargers may cause an explosion or damage to the headset.
- The battery will gradually wear out while charging or discharging because it is a consumable part.
- The headset is not able to operate while charging. Try connecting after charging is completed.

When the battery is low

The headset beeps and the indicator light flashes red. Recharge the battery. If the headset powers off during a call, the call will be automatically transferred to the phone.

Wearing on the headset

Place the headset on your ear. Ensure to put the correct (Left, Right) earpiece on each ear. Your headset has the E-Clip feature which keeps the headset stable on your ear with the adjustable earpiece.

Turning the headset on or off

- To turn the headset on, press and hold the talk button until the blue indicator light flashes 4 times.
- To turn the headset off, press and hold the talk button until both blue and red indicator lights flash.

Disconnecting the headset

To disconnect the headset from your phone,

- Turn off the headset
- Use the Bluetooth menu of your phone

Reconnecting the headset

When the headset is paired with a phone, it will attempt to automatically reconnect each time you turn it on.

If the headset does not attempt to automatically reconnect,

- Press the talk button.
- Use the Bluetooth menu of your phone

Using call functions

Activated functions and features may differ depending on the types of your phone.

Pairing and connecting the headset

Pairing and connecting the headset with a phone

- 1 Enter Pairing mode.
 - Turn on the headset with pressing and holding the talk button until the indicator light turns blue and stays lit after blinking.
 - When you turn on the headset for the first time, it automatically enters Pairing mode.
- 2 Activate the Bluetooth feature on your phone and search for the headset (see your phone's user guide).
- 3 Select the headset (Samsung WEP650) from the list of devices found by your phone.
- 4 Enter the Bluetooth PIN (0000, 4 zeros) to pair and connect the headset to your phone. Pairing and connecting the headset with a phone
