Horizon HS 450 and 460

play big. play smart.

HS 460 shown in Midnight
with Onyx Grille

Tall and elegantly slim, the Horizon Series floorstanding speakers make a positive impression even before they start to perform. But with soft-dome tweeters for crystalline high-frequency sound, dual woofers, and dual passive radiators for improved bass response, rest assured. They sound as good as they look.

Deep Channel® Design (DCD) Woofers

For more bass output from less amplifier power.

Reduced Baffle Diffraction Design (RBDD)

For wider, smoother dispersion.

Maximized Bass Output System (MBOS)

Incorporates both ported cabinet & passive radiators for improved bass output & extension.

HS 450 and 460 speakers have integrated footings and a convenient recessed carrying handle. It's like somebody actually thought about this.
