Product highlights

Nickel-Metal Hydride

Nickel-Metal Hydride technology allows recharging multiple times and makes replacement of the accu almost unnecessary.

2300 mAh rechargeable AA

The 2300 mAh of energy keeps your audio player or digital camera going longer.

No capacity loss over time

A Nickel-Metal Hydride battery can be re-energized fully up to 1000 times without draining it before charging. This allows you to make easier and better use of your rechargeable batteries.
