Welcome

Congratulations on your purchase of a high-quality Insignia product. Your NS-SKPDVD represents the state of the art in portable DVD player design and is designed for reliable and trouble-free performance.

Safety information

Placement

To prevent fire or electric shock, do not expose your player to rain or moisture. Do not place your player on an unstable cart, stand, tripod, bracket, or table to prevent it from falling. Keep your player away from strong magnets, heat sources, direct sunlight, and excessive dust. If your player is brought directly from a cold to a warm location, moisture may condense inside your player. When you move your player from a cold to a warm location, wait for about one hour before operating your player, or remove the disc and leave your player turned on until the moisture evaporates.

Installation

Make sure that your player is installed in accordance with the instructions and illustrations provided in this guide.

Cautions

- Do not push objects of any kind into your player through openings in your player.
- Do not spill or spray liquid of any kind on or in your player because liquid can cause a fire or electric shock.
- Do not place anything heavy on your player.
- To ensure correct ventilation and operation, never cover or block openings on your player with a cloth or other material.
- Keep your player away from an open flame, such as fire or a candle.
- In order to protect the environment, dispose the battery as hazardous waste.
- Do not use your player in temperatures higher than 95°F (35°C).

Disassembly

Do not attempt to disassemble your player. There is a risk of electric shock and exposure to laser radiation. Contact qualified service personnel if your player needs repair.

Cleaning

When cleaning, make sure that your player is unplugged from the power source. Do not use liquid or aerosol cleaners. Use a cloth, lightly dampened with water, for cleaning the exterior of your player.

Discs

- Do not use irregularly shaped discs, such as heart-shaped or star-shaped discs, because they may cause your player to malfunction.
- Do not stick paper, tape, or glue on a disc.
- Do not expose a disc to direct sunlight or heat sources.
- Do not touch the surface of a disc. Handle a disc by its edge.
- Clean a disc by wiping the disc from the center out with a cleaning cloth.
- Remove a disc from your player and store it in its case after playing.
- Some playback operations of discs may be intentionally limited by software producers. Because your player plays discs according to the disc contents the software producers designed, some playback features may not be available. Refer to the instructions supplied with the discs.

Features

Package contents

- DVD player with 7" LCD monitor
- Remote control with battery
- Audio/Video cable
- AC power adapter
- Cigarette lighter adapter
- User guide

Front

#	Component	Description
1	Remote sensor	Receives signals from the remote control. Do not block.
2	OFF/ON switch	Slide to the right to turn on your player, or slide to the left to turn off your player.
3	Power/battery charge indicator	Lights green when your player is on. Lights red when the battery is charging.
4	Open switch	Slide to open the disc tray.

Left

#	Component	Description
1	DC jack	Plug the AC or cigarette lighter adapter into this jack.
2	SD/MMC/MS slot	Insert an SD, MMC, or MS memory card into this slot.
3	AV OUT jack	Plug the A/V cable into this jack and into the A/V IN jacks on another TV or monitor.
4	Headphone jack	Plug headphones into this jack. When headphones are plugged in, sound does not come out of your player's speakers.
5	Volume control	Rotate to increase or decrease the volume.

Inside

#	Component	Description
1	SETUP	Press to open the Setup menu.
2	◀◀ PREV	Press to go to the previous chapter, track, or scene during disc playback.
3	▶▶ NEXT	Press to go to the next chapter, track, or scene during disc playback.
4	MENU	Press to open the DVD menu.
5	STOP	Press to stop disc playback.
6	▶ PLAY/PAUSE	Press to start or pause playback. When an on-screen menu is open, press to confirm a selection or adjustment.
7	▲ ▼ ◀ ▶	Press to navigate in on-screen menus.

Remote control

#	Button	Description
1	ZOOM	When playing a DVD disc, press to enlarge the display 2, 3, or 4 times the normal size. When playing a JPEG disc, press to enlarge the picture to 125%, 150%, or 200%, or reduce the picture to 50% or 75%.
2	◀ REW	Press to fast reverse on the disc. Each time you press this button the fast-reverse speed increases from 2, to 4, to 8, to 16, to 32 times the normal speed.

#	Button	Description
3	▶▶ FF	Press to fast-forward on the disc. Each time you press this button, the fast-forward speed increases from 2, to 4, to 8, to 16, to 32 times the normal speed.
4	◀◀ SKIP-	Press to go to the previous chapter, track, or screen.
5	▶▶ SKIP+	Press to go to the next chapter, track, or screen.
6	▶ PLAY/PAUSE	Press to start or pause playback.
7	■	Press once to stop playback. Your player remembers where you stopped. If you press ▶ , your player starts playing at the point where you stopped. Press twice to stop playback. If you press ▶ , your player starts playing at the beginning of the disc.
8	DVD/SD	Press to select DVD mode or SD (memory card) mode.
9	ENTER	Press to confirm selections.
10	Numbers	Press to select menu items or to enter the password.
11	DISPLAY	Press to display information about the disc, such as title, chapter number, track number, and time.
12	AUDIO	Press to select the DVD audio language. This option works only if the DVD has multiple audio languages.
13	SUBTITLE	Press to turn subtitles on and off, or press to select the subtitle language. This option works only if the DVD has subtitles.
14	REPEAT	Press to repeat the current title, chapter, or track.
15	A-B	Press to create a playback loop.
16	TOP MENU	Press to open the DVD title menu. This option works only if the DVD has a title menu.
17	RETURN	Press once to return to the previous menu. Press twice to return to playback.

#	Button	Description
18	MENU	Press once to open the root DVD menu. This option works only if the DVD has a root menu. Press twice to open the DVD title menu. This option works only if the DVD has a title menu.
19	SETUP	Press to open or close the Setup menu.
20	▲ ▼ ◀ ▶	Press to navigate in menus.
21	SLOW	Press one or more times to select a slow playback speed. Each time you press this button, the slow speed changes from 1/2, to 1/4, to 1/8, to 1/16 times the normal speed.
22	ANGLE	Press to select the viewing angle on a DVD. This option works only if the DVD has multiple viewing angles.

Setting up your player

Installing remote control batteries

To install remote control batteries:

- 1 Remove the battery compartment cover.
- 2 Insert the battery into the battery compartment. Make sure that the + and – symbols on the battery match the + and – symbols in the battery compartment.
- 3 Replace the battery compartment cover.

Connecting to AC power

To connect to AC power:

- 1 Plug one end of the AC power adapter into the **DC** jack on the side of your player.

- 2 Plug the other end of the adapter into an AC outlet.

Connecting to a car cigarette lighter

To connect to a car cigarette lighter:

- 1 Plug one end of the cigarette lighter adapter into the **DC** jack on the side of your player.

- 2 Plug the other end of the adapter into a car cigarette lighter socket.

Connecting headphones

To connect headphones:

- Plug headphones into the headphone jack on the left side of your player.

**Note**

The built-in speakers are muted when headphones are plugged in.

Charging your player's battery

To charge your player's battery:

- 1 Turn off your player.
- 2 Plug one end of the AC power adapter into the **DC** jack on the side of your player.
- 3 Plug the other end of the adapter into a power outlet. The power/battery charge indicator lights red. When the battery is fully charged, the indicator turns off. You can unplug the adapter if you want.

Note

The first time you charge the battery, make sure that you charge it at least eight hours.

Recharging the battery takes about five hours. A fully-charged battery can power your player for approximately 4 hours.

Connecting a TV or monitor

To connect a TV or monitor:

- 1 Plug the end of the supplied A/V cable that has one black connector into the **AV** jack on your player.

- 2 Plug the connectors on an optional RCA cable into the connectors on the other end of the supplied A/V cable. Make sure that the colors on the connectors match.

- 3 Plug the other end of the optional RCA cable into the A/V jacks on the TV or monitor. The white connector goes into the left audio jack. The red connector goes into the right audio jack. The yellow connector goes into the video jack.

Using your player

Note

Your player and most DVDs have region codes that help control illegal distribution of DVDs. The region code for your player is 1. You can only play DVDs with a region code of 1. The region code for a DVD is printed on the DVD or the DVD packaging.

To play a disc:

- 1 Make sure that your player is connected to power or that the battery is charged.
- 2 Slide the **OFF/ON** switch on the front side of your player to the **ON** position.
- 3 Slide the **OPEN** switch on the front of your player. The disc tray opens.
- 4 Place a disc, label side up, in the disc tray, then press down on the area marked **CLOSE** to close the tray. The disc starts playing automatically.
- 5 If necessary, rotate the **VOLUME** control to adjust the volume.
- 6 To stop playback, press ■.

Controlling DVD or audio CD playback

To control disc playback:

- Press ■ once to stop playback. Your player remembers where you stopped. If you press ►||, your player starts playing at the point where you stopped.
- Press ■ twice to stop playback. If you press ►||, your player starts playing at the beginning of the disc.
- Press ►|| to pause playback. Press this button again to resume playback.
- Press ►► to fast-forward on the disc. Each time you press this button, the fast-forward speed changes from 2 to 4 to 8 to 16 to 32 times the normal speed.
- Press ◀◀ to fast-reverse on the disc. Each time you press this button, the fast-reverse speed changes from 2 to 4 to 8 to 16 to 32 times the normal speed.
- Press ►► to go to the next title, chapter, or track.
- Press ◀◀ to go to the previous title, chapter, or track.

Playing an MP3 disc

MP3 is a format for storing digital audio. Your player can play CD-Rs and CD-RWs that contain MP3 files encoded in the MP3 format.

When you insert an MP3 disc, a menu opens so you can select the songs you want to play.

To play an MP3 disc:

- 1 Insert an MP3 disc into the disc tray, then close the tray. A menu opens and the first song begins to play automatically.

- 2 Press **▲** or **▼** to select another song from the list, then press **ENTER** to play the song.
- 3 To go to the next song, press **▶▶**, or to go to the previous song, press **◀◀** twice.
- 4 Press **MENU** to return to the root menu or title menu.

Playing a memory card

Your DVD player has an SD/MMC/MS slot for SD, MMC, MS memory cards.

To play a memory card:

- 1 Insert a memory card into the **SD/MMC/MS** slot.
- 2 Press **DVD/SD** one or more times to select the type of memory card you inserted. The files start playing automatically.
- 3 Press **MENU**, then press **◀** to enter the file list.
- 4 Press **▲** or **▼** to select a file that you want in the memory card.
- 5 Press **ENTER** to confirm.

Adjusting the volume

To adjust the volume:

- Rotate the volume control on the left side of your player.

Adjusting the video

To adjust the video:

- 1 Press **SETUP**. The *General Setup Page* opens.
- 2 Press ◀ or ▶ to select **Video Quality Setup**. The 🗨 icon is highlighted.
- 3 Press **ENTER**. **Brightness** is highlighted.
- 4 Press ▲ or ▼ to select the option you want to adjust, then press ▶. You can select:
 - **Brightness**—Increases the brightness to add more light to dark areas of the picture or decreases the brightness to add more dark to light areas of the picture.
 - **Contrast**—Increases the picture level to adjust the white areas of the picture or decreases the picture level to adjust the black areas of the picture.
 - **Hue**—Increases the color level to add more green to skin tones or decreases the color level to add more purple to skin tones.
 - **Saturation**—Adjusts the color saturation.
- 5 Press ◀ or ▶ to adjust the option, then press **ENTER**.

Viewing DVD information

To view DVD information:

- 1 During playback, press **DISPLAY**. The following display appears.

1	Current title number.
2	Total number of titles.
3	Current chapter number.
4	Total number of chapters.
5	Elapsed playing time for the current title.

- 2 Press **DISPLAY** one or more times to view specific DVD information. You can view:
 - **Title Elapsed**—Shows the elapsed playing time for the title.
 - **Title Remain**—Shows the remaining playing time for the title.
 - **Chapter Elapsed**—Shows the elapsed playing time for the chapter.
 - **Chapter Remain**—Shows the remaining playing time for the chapter.
 - **Display Off**—Turns off the information display.

Note

The information display automatically turns off if you do not press **DISPLAY** within three seconds.

Viewing audio CD information

To view audio CD information:

- 1 During playback, press **DISPLAY**. The following display appears.

- 2 Press **DISPLAY** one or more times to view specific audio CD information. You can view:
 - **Single Elapsed**—Shows the currently playing track and the elapsed playing time for the track.
 - **Single Remain**—Shows the currently playing track and the remaining playing time for the track.
 - **Total Elapsed**—Shows the currently playing track and the elapsed playing time for the CD.
 - **Total Remain**—Shows the currently playing track and the remaining playing time for the CD.
 - **Display Off**—Turns off the information display.

Opening the DVD main or title menu

To open the DVD main menu:

- During playback, press **MENU** once to open the DVD main menu. If the DVD has a main menu, the menu opens.
- During playback, press **MENU** twice to open the DVD title menu. If the DVD has a title menu, the menu opens.

Note

Contents of DVD main menus vary from DVD to DVD.
Some DVDs only let you start playback from the main menu.

Selecting a viewing angle

To select a viewing angle:

- Press **ANGLE** one or more times to select a viewing angle or to return to normal viewing.

Selecting an audio language

Some DVDs are recorded with multiple audio languages.

To select an audio language:

- Press **AUDIO** one or more times to select the audio language you want. The number for the current language and the total number of languages appear.

1	Current audio channel
2	Total number of audio channels

Note

The audio language display turns off if you do not press **AUDIO** within three seconds.

Some DVDs only let you select an audio language from the DVD main menu.

Enlarging the display image

To enlarge the display image:

- 1 Press **ZOOM** one or more times to enlarge the display image from 2 to 3 to 4 times the normal image size.
- 2 Press **ZOOM** a fourth time to return to normal viewing.
- 3 Press the arrow buttons to navigate through the enlarged image.

Creating a playback loop

You can create a playback loop by selecting the beginning and end of the section of the disc that you want to play repeatedly.

To create a playback loop:

- 1 During playback, find the starting point for the loop, then press **A-B**.

- 2 Play the disc until you reach the stopping point for the loop, then press **A-B**.

Your player repeatedly plays the loop you created.

- 3 To cancel the loop and return to normal viewing, press **A-B** again.

Repeating a chapter, title, or DVD

To repeat a chapter, title, or DVD:

- During playback, press **REPEAT**. The following display appears, and your player repeats the currently playing chapter.

- Press **REPEAT** twice to repeat the currently playing title.
- Press **REPEAT** three times to repeat all the chapters and titles.
- Press **REPEAT** four times to turn off the repeat function.

Repeating a track or CD

To repeat a track or CD:

- During playback, press **REPEAT** one or more times to select:
 - **Track**—Repeats the currently playing track.
 - **All**—Repeats the entire CD.
 - **Off**—Turns off the repeat function.

Repeating an MP3 song or folder

To repeat an MP3 song or folder:

- During playback, press **REPEAT** one or more times to select:
 - **Repeat One**—Repeats the currently playing song.
 - **Repeat Folder**—Repeats all the songs in the current folder.
 - **Repeat Off**—Turns off the repeat function.

Selecting a subtitle language

Some DVDs are recorded with subtitle languages that appear as text on the screen.

To select a subtitle language:

- 1 During playback, press **SUBTITLE**. The subtitle display appears showing the current subtitle language and the total number of subtitle languages. In the following example, the current subtitle language is **1** and the total number of subtitle languages is **2**.

1	Current subtitle language number.
2	Total number of subtitle languages.

- 2 Press **SUBTITLE** one or more times to select a different subtitle language.
- 3 To turn off subtitles, press **SUBTITLE** until **Subtitle Off** appears.

Note

The subtitle display turns off if you do not press **SUBTITLE** within three seconds.
Some DVDs only let you select a subtitle language from the DVD main menu.

Selecting the aspect ratio

When your player is connected to a TV or monitor, you can select the aspect ratio for the TV or monitor.

To select the aspect ratio:

- 1 Press **SETUP**. The *General Setup Page* opens.
- 2 Press **ENTER**. **Display Mode** is highlighted.
- 3 Press **▶**.
- 4 Press **▼** or **▲** to select the aspect ratio you want, then press **ENTER** to confirm you selection. You can select:
 - **Normal/PS**—Displays the video image full-screen when your player is connected to a standard TV.
 - **Normal/LB**—Displays the video image with black bars at the top and bottom when your player is connected to a standard TV.
 - **Wide**—Displays the video image full-screen when your player is connected to a widescreen TV.

Setting parental controls

To set parental controls:

- 1 Make sure that the disc tray is empty.
- 2 Press **SETUP**. The *General Setup Page* opens.
- 3 Press **◀** or **▶** to select **PREFERENCES**, then press **ENTER**.
- 4 Press **▲** or **▼** to select **Parental**, then press **▶**.
- 5 Press **▲** or **▼** to select the rating you want to block. The rating you select and all higher ratings are blocked. You can select:
 - **KID SAFE** (All children)
 - **G** (General audiences)
 - **PG** (Parental guidance suggested)
 - **PG-13** (Parents strongly cautioned)
 - **PG-R** (Parents very strongly cautioned)
 - **R** (Restricted)
 - **NC-17** (No one under 17)
 - **ADULT** (Adults only) (factory default)
- 6 Press **ENTER**, enter the password, then press **ENTER** again. The default password is **3308**.

Note

If you change the password, then forget it, enter **3308**.

Changing the password

To change the password:

- 1 Make sure that there is no disc in the disc tray.
- 2 Press **SETUP**.
- 3 Press ◀ or ▶ to select **Password Setup Page**. The  icon is highlighted.
- 4 Press **ENTER** once to open the **Password Page**.
- 5 Press **ENTER** again to open the **Password Change Page**.
- 6 Enter the old password or default password, then enter the new password in the **New Password** and **Confirmed New Password** fields.
- 7 Press **ENTER** to save the new password.

Note

If you change the password, then forget it, enter **3308**.

Using the Setup menu

Your player has a Setup menu you can use to adjust settings for your player.

To use the Setup menu:

- 1 Press **SETUP**. The *General Setup Page* opens and the  icon is highlighted.
- 2 Press **ENTER**. **Display Mode** is highlighted.
- 3 Press ▼ or ▲ to select the menu you want, then press ▶ to open the sub-menu.
- 4 Press ▼ or ▲ select an option, then press **ENTER** to confirm your selection.
- 5 To go to a previous menu, press ◀.
- 6 Repeat Step 3 through Step 5 to select other menu pages.

Setup menu pages

Page	Options
General Setup Page 	<p>TV Display—Selects the aspect ratio. You can select:</p> <ul style="list-style-type: none"> • Normal/PS displays the video image full screen when your player is connected to a standard TV. • Normal/LB displays the video image with black bars at the top and bottom when your player is connected to a standard TV. • Wide displays the video image full screen when your player is connected to a widescreen TV. <p>Angle Mark—Turns the angle mark icon on and off. If this option is turned on and the DVD you are watching has multiple viewing angles, the icon appears in scenes that have multiple viewing angles.</p> <p>OSD Language—Selects the language for the Setup menu. You can select English, French, or Spanish.</p> <p>Screen Saver—Turns the Screen Saver on and off. When this option is turned on, your player displays a screen saver when the same image stays on the screen for five minutes.</p> <p>Last Memory—Turns Last Memory on and off. When this option is turned on and you open the disc tray, your player remembers where you stopped. If you close the tray with the same disc loaded, your player starts playing at the point where you stopped.</p>
Video Quality Setup 	<p>Brightness—Increases the brightness to add more light to dark areas of the picture or decreases the brightness to add more dark to light areas of the picture.</p> <p>Contrast—Increases the picture level to adjust the white areas of the picture or decreases the picture level to adjust the black areas of the picture.</p> <p>Hue—Increases the color level to add more green to skin tones or decreases the color level to add more purple to skin tones.</p> <p>Saturation—Adjusts the color saturation.</p>
Password Setup Page 	Lets you change the parental password. For more information, see “Changing the password” on page 22.

Page	Options
Preference Page 	<p>Audio—Selects the audio language. If the language you select is not recorded on the DVD, your player plays the default audio language.</p> <p>Subtitle—Selects the subtitle language. If the language you select is not recorded on the DVD, your player displays the default subtitle language.</p> <p>Disc Menu—Selects the DVD menu language. If the language you select is not recorded on the DVD, your player displays the default language.</p> <p>Parental—Blocks DVD playback based on ratings. For more information, see “Setting parental controls” on page 21.</p> <p>Default—Resets all settings except the password and parental controls back to the factory defaults.</p>

Troubleshooting

Problem	Solution
No sound or distorted sound.	<ul style="list-style-type: none"> • Adjust the volume. • Make sure that all cables are inserted correctly into the appropriate jacks.
Cannot fast-forward or fast-reverse through a movie.	<ul style="list-style-type: none"> • You cannot fast-forward through opening credits and warning information at the beginning of a movie. • Some DVDs do not allow rapid scanning or skipping of titles or chapters.
The stop  icon appears on the screen.	<p>The action you tried cannot be done because:</p> <ul style="list-style-type: none"> • The DVD software does not allow it. • The DVD does not support the feature (for example the Angle feature). • The feature is not available at the current point on the DVD. • You entered a title or chapter number that is out of range.
Picture is distorted.	<ul style="list-style-type: none"> • During fast-forwarding or fast-reversing, distortion is normal. • The DVD may be damaged. Try another DVD.

Problem	Solution
Remote control does not work.	<ul style="list-style-type: none"> • Make sure that the batteries are fresh. • Make sure that nothing is blocking the IR sensor. • Make sure that you point the remote directly at the IR sensor and that you are within 10 feet of the IR sensor. • Make sure that the infrared transmitter covers the remote sensor on the device you are trying to control.
Disc does not play.	<ul style="list-style-type: none"> • Make sure that the disc is inserted with the label side up. • Make sure that the disc is compatible with your player. Your player can play DVDs, audio CDs, and MP3 discs.
Play starts, then stops immediately.	<ul style="list-style-type: none"> • Make sure that the region code for a DVD matches the region code for your player. Your player's region code is 1. The DVD's region code is on the DVD or the DVD packaging. • Make sure that the disc is not dirty. • If condensation has formed inside your player, let your player dry out.

Maintaining

Cleaning your player

Clean the outside of your player with a clean cloth, slightly dampened with water.

Caution

Do not use liquid cleaners or aerosol cleaners because they may damage your player.

Handling discs

- To keep a disc clean, do not touch the play side (non-label side) of the disc.
- Do not attach paper or tape to the disc.

- Keep the disc away from direct sunlight or heat sources.
- Store the disc in a disc case after playback.

Cleaning discs

- Before playback, wipe the disc outwards from the center with clean cloth.

Specifications

Specifications subject to change without notice.

Compatible discs	DVD, CD, and MP3
Signal system	NTSC
LCD	7 inches

Video output	1 Vp-p/75 Ohm, unbalanced
Audio output	1.4 Vms/10 k ohm
Audio S/N	Better than 60 dB
Dynamic range	Better than 85 dB
Laser	Semiconductor Wave length: 650 nm/795 nm
Power source	DC 9-12 V
Power consumption	12 W
Operating temperature	41° to 95°F (5° to 35°C)
Weight	1.87 lbs. (0.85 kg)
Dimensions (W × D × H)	9.30 × 6.86 × 1.63 inches (228 × 168 × 40 mm)
Built-in battery	Li-polymer

Legal notices

FCC Part 15

This device complies with Part 15 of the FCC Rules. Operation of this product is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply within the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

FCC warning

Changes or modifications not expressly approved by the party responsible for compliance with the FCC Rules could void the user's authority to operate this equipment.

DHHS and FDA safety certification

This product is made and tested to meet safety standards of the FCC, requirements and compliance with safety performance of the U.S. Department of Health and Human Services, and also with FDA Radiation Performance Standards 21 CFR Subchapter J.

Canada ICES-003 statement

This Class B digital apparatus complies with Canadian ICES-003.

Macrovision statement

Your player incorporates copyright protection technology that is protected by method claims of certain U.S. Patents and other intellectual property rights owned by Macrovision Corporation and other rights owners. Use of this copyright protection technology must be authorized by Macrovision Corporation, and is intended for home and other limited viewing uses only unless otherwise authorized by Macrovision Corporation. Reverse engineering or disassembly is prohibited.

One-Year Limited Warranty

Insignia Products (“Insignia”) warrants to you, the original purchaser of this new **NS-SKPDVD** (“Product”), that the Product shall be free of defects in the original manufacture of the material or workmanship for a period of one (1) year from the date of your purchase of the Product (“Warranty Period”). This Product must be purchased from an authorized dealer of Insignia brand products and packaged with this warranty statement. This warranty does not cover refurbished Product. If you notify Insignia during the Warranty Period of a defect covered by this warranty that requires service, terms of this warranty apply.

How long does the coverage last?

The Warranty Period lasts for 1 year (365 days) from the date you purchased the Product. The purchase date is printed on the receipt you received with the Product.

What does this warranty cover?

During the Warranty Period, if the original manufacture of the material or workmanship of the Product is determined to be defective by an authorized Insignia repair center or store personnel, Insignia will (at its sole option): (1) repair the Product with new or rebuilt parts; or (2) replace the Product at no charge with new or rebuilt comparable products or parts. Products and parts replaced under this warranty become the property of Insignia and are not returned to you. If service of Products or parts are required after the Warranty Period expires, you must pay all labor and parts charges. This warranty lasts as long as you own your Insignia Product during the Warranty Period. Warranty coverage terminates if you sell or otherwise transfer the Product.

How to obtain warranty service?

If you purchased the Product at a retail store location, take your original receipt and the Product to the store you purchased it from. Make sure that you place the Product in its original packaging or packaging that provides the same amount of protection as the original packaging. If you purchased the Product from an online web site, mail your original receipt and the Product to the address listed on the web site. Make sure that you put the Product in its original packaging or packaging that provides the same amount of protection as the original packaging.

To obtain in-home warranty service for a television with a screen 25 inches or larger, call 1-888-BESTBUY. Call agents will diagnose and correct the issue over the phone or will have an Insignia-approved repair person dispatched to your home.

Where is the warranty valid?

This warranty is valid only to the original purchaser of the product in the United States, Canada, and Mexico.

What does the warranty not cover?

This warranty does not cover:

- Customer instruction
- Installation
- Set up adjustments
- Cosmetic damage
- Damage due to acts of God, such as lightning strikes
- Accident
- Misuse
- Abuse
- Negligence
- Commercial use

- Modification of any part of the Product, including the antenna
- Plasma display panel damaged by static (non-moving) images applied for lengthy periods (burn-in).

This warranty also does not cover:

- Damage due to incorrect operation or maintenance
- Connection to an incorrect voltage supply
- Attempted repair by anyone other than a facility authorized by Insignia to service the Product
- Products sold as is or with all faults
