Manual abstract:

Use only detergents or wetting agents recommended for use in a dishwasher, and keep them out of the reach of children. When loading items to be washed: - Locate sharp items so that they are not likely to damage the door seal. - Load knives and other sharp utensils with their HANDLES UP to reduce the risk of cut-type injuries. Do not wash plastic items unless they are marked "dishwasher safe" or the equivalent. For plastic items not so marked, check the manufacturer's recommendations. Do not operate your dishwasher unless all enclosure panels are in place. **WARNING** Electrical shock or fire could result if the electrical supply for the dishwasher covered in this manual is incorrectly installed or if the dishwasher has been improperly grounded. Do not use the dishwasher covered in this manual if you are not certain the electrical supply has been correctly installed or the dishwasher has been properly grounded. · · **GROUNDING INSTRUCTIONS** This appliance must be grounded to a metal, permanent wiring system, or an equipment grounding conductor must be run with the circuit conductors and connected to the equipment grounding terminal or lead on the dishwasher. See the Installation Instructions included with this dishwasher for more information on electrical requirements.

· · **SAVE THESE INSTRUCTIONS!** 2 Dishwasher Components Vent Door Gasket Top Rack Top Rack Spray Arm Bottom Rack Spray Arm Bottom Rack Filter System (in dishwasher floor) Silverware Basket Detergent/ Rinse Agent Dispenser **CAUTION** It is highly recommended for the end use consumer to become familiar with the procedure to shut off the incoming water supply and the procedure to shut off the incoming power supply. See the Installation Instructions or speak with your installer for more information. Model/Serial Number Label 3 Dishwasher Features and Options Noise Reduction System: A two-pump motor system, the Suspension Motor™, and triple insulation make this dishwasher one of the quietest in North America. Stainless Steel TALLTUB™: A rust-free, hygienic interior surface with a lifetime warranty. See warranty statement for details.

Nylon Coated Racks: Eliminate cuts and nicks, and have a five-year warranty. Flow-Through Heater™: Heats water to a temperature of up to 161°F. Condensation Drying: A high temperature final rinse, a low temperature stainless steel tub, and the sheeting action of a rinse agent result in drying that is hygienic, energy efficient, and economical. **SENSOTRONIC™** Water Condition Monitor: Checks water condition and decides whether a second fresh water fill is necessary. Filter System: Three filters ensure distribution of clean water and protect the main pump and the drain pump from foreign material. Water Shut-Off: A safety feature that stops the flow of incoming water, if water is detected in the base of the dishwasher. Fully Integrated Unit (Model SHV46C13): A fully integrated unit that requires a custom front door..
