Elite® Series G61V Gas Furnace

Innovation never felt so good.™

Variable speed blower and two-stage heat provide smooth operation and even temperatures

Outstanding efficiency can save you hundreds of dollars each year

Provides enhanced humidity control when paired with a Lennox® air conditioner or heat pump

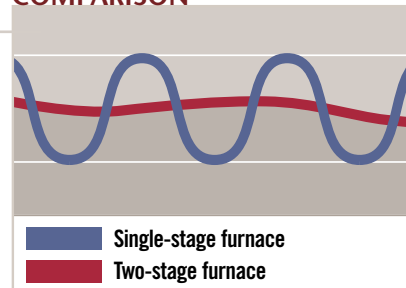

ENERGY STAR® qualified

A higher level of comfort is yours with the Elite® Series G61V gas furnace. A variable speed motor moves at different speeds to closely control the flow of air throughout your home, providing a better balance of comfort. And unlike typical single-stage furnaces, the G61V has two levels of heating—first stage/low heat for mild days and second stage/high heat for extremely cold days.

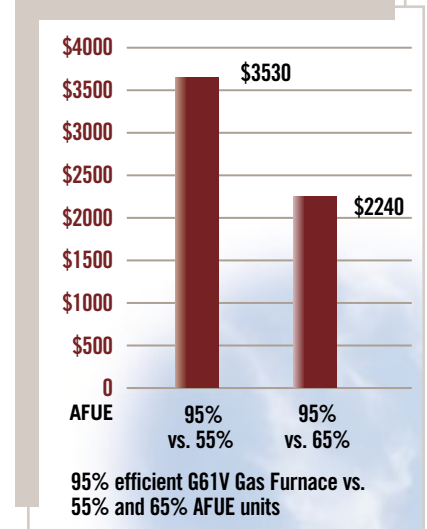

ENGINEERED FOR COMFORT AND EFFICIENCY

The G61V is one of the most efficient furnaces you can buy, with energy ratings of up to 95%. Among its energy-saving features is a variable speed motor that uses about two-thirds less electricity than a standard motor. By taking furnace technology to new heights, the G61V helps your utility bills reach new lows. You gain comfort and save money.

TEMPERATURE SWING COMPARISON

3-YEAR HEATING SAVINGS

This chart depicts potential energy savings you can expect from the G61V furnace, versus older furnaces with lower efficiency ratings. Criteria used in this example are 2,000 full-load heating hours, with a 60,000 Btuh heating design load and \$1.281 ccf for gas. Your actual savings may vary, depending on the weather patterns in your local area, local fuel rates and your individual lifestyle. Source: U.S. Environmental Protection Agency (EPA) national average energy rates.

EFFICIENCY RATING
Up to **95% AFUE** (Annual Fuel Utilization Efficiency).

WARRANTY*
Limited lifetime warranty on the heat exchanger.
5-year limited warranty on all remaining covered components.

*Applies to residential applications only. See actual warranty certificate for details.

Reliable Designed and tested to ensure optimal performance

Every component of the G61V is rigorously tested in our dedicated research lab. As a result, you can count on your new furnace to deliver the highest possible levels of reliability and performance.

OUTSTANDING FEATURES FOR EXCEPTIONAL COMFORT AND EFFICIENCY

G61V
Up to 95% AFUE

Duralok Plus® Heat Exchanger – Made of patented ArmorTuf™ steel to ensure high reliability and efficiency.

Two-Stage Gas Valve – Works with the variable speed motor to match furnace output to household heating needs.

SureLight® Ignite – Silicon nitride construction ensures long product life and reliable operation.

Special Sound-Absorbing Insulation – Further reduces sound for quiet operation.

Robust Stainless Steel Secondary Heat Exchanger – Allows the furnace to achieve high efficiency levels by capturing additional heat.

Variable Speed Blower Motor – Provides a quiet, consistent flow of air for enhanced comfort, efficiency and humidity control.

SureLight® Control Board – Controls furnace operation to ensure high reliability and efficiency.

Durable Steel Cabinet – Made to last with an attractive, high-quality textured paint finish.

The G61V can be paired with an electric heat pump to enhance comfort and fuel efficiency by alternating between electric and gas heat, depending on outdoor conditions.

Note: Due to Lennox' ongoing commitment to quality, all specifications, ratings and dimensions are subject to change without notice.

Many Lennox® home comfort systems meet ENERGY STAR® requirements when used with appropriate components. Ask your dealer for details.

Lennox is proud of the fact that these products have earned the Good Housekeeping Seal.

CUSTOMIZE YOUR COMFORT

Lennox® heating, cooling and indoor air quality products are designed to provide efficient, economical comfort—not only as individual units, but also together as an integrated system. This combined network of products delivers on every comfort count, from consistent temperatures and balanced humidity to improved indoor air quality. Lennox also offers a line of residential generators, which provide safe, reliable standby power in the event of outages.

DEALERS YOU CAN COUNT ON

Choosing the right dealer for your home's heating, cooling and air quality needs is every bit as important as choosing the right brand. We think you'll agree our independent dealers are a big reason you can count on quality customer service whenever you call. Your Lennox dealer's dedication to quality shows in his knowledge, training and expertise in designing the right system for your home, installing it properly and keeping it running perfectly for many years to come.
